

Policy 3514: Environmental Safety

Status: ADOPTED

Original Adopted Date: 11/04/2009 | **Last Reviewed Date:** 11/04/2009

The Board of Education recognizes its obligation to provide a safe and healthy environment at school facilities for students, staff and community members. The Superintendent or designee shall identify and address potential risks to health and the environment and shall ensure that environmental resources are used in a responsible manner.

The Superintendent or designee shall establish regulations to prevent and/or reduce environmental hazards in accordance with law and state guidelines. Strategies shall include but not necessarily be limited to:

1. Considering air quality in the siting and architectural design of new or remodeled facilities and in the selection of building materials and furnishings, and taking steps to reduce indoor air contaminants in maintenance operations
2. Ensuring the use of effective least toxic pest management practices at all district schools
3. Minimizing the exposure to lead in paint, soil or drinking water, especially in areas accessible to very young children
4. Inspecting and testing facilities for asbestos-containing materials and protecting persons during encapsulation and removal of any asbestos

The Superintendent or designee shall notify parents/guardians, as appropriate, if an environmental hazard is discovered at a school site. The notification shall detail the district's efforts to remedy the hazard.
