

Regulation 3514.1: Hazardous Substances

Status: ADOPTED

Original Adopted Date: 12/08/2008 | **Last Reviewed Date:** 12/08/2008

Cautionary Notice 2010-13: AB 1610 (Ch. 724, Statutes of 2010) amended Education Code 37252.2 to relieve districts from the obligation, until July 1, 2013, to perform any activities that are deemed to be reimbursable state mandates under that section. As a result, certain provisions of the following policy or administrative regulation that reflect those requirements may be suspended.

The disposal of chemicals may be accomplished in accordance with removal and disposal systems established by the County Office of Education or by permission of the County Superintendent of Schools. (Education Code 49411)

Hazard Communication Program

The written hazard communication program shall be available upon request to all employees and their designated representatives. (8 CCR 5194)

The following materials are exempted from the hazard communication program and this district regulation: hazardous wastes; tobacco products; wood and wood products; manufactured articles; food, drugs and cosmetics intended for personal consumption by employees while in the workplace; and substances used in compliance with regulations issued by the Department of Pesticide Regulation pursuant to Food and Agricultural Code 12981.

1. Container Labeling

Except for consumer products, pesticides, alcoholic beverages, and food, drug and additive products which are already labeled in compliance with federal law, no container of hazardous substance shall be accepted by schools or the district unless labeled by the supplier with the following information:

- a. Identity of the hazardous substance(s)
- b. Hazard warning statements
- c. Name and address of the chemical manufacturer or importer

Whenever hazardous substances are transferred from their original containers to other containers, the secondary containers shall likewise be labeled with the identity and hazard warning statement.

2. Material Safety Data Sheets

Upon receiving a hazardous substance or mixture, the Superintendent or designee shall ensure that the manufacturer has also furnished a Material Safety Data Sheet (MSDS) as required by law. If the MSDS is missing or obviously incomplete, the Superintendent or designee shall request a new MSDS from the manufacturer and shall notify the California Occupational Safety and Health Division (Cal/OSHA) if a complete MSDS is not received.

The Superintendent or designee shall maintain copies of the MSDS for all hazardous substances and ensure that they are kept up to date and available to all affected employees during working hours. He/she shall review each incoming MSDS for new and significant health or safety information and shall disseminate this information to affected employees.

3. Employee Information and Training

Employees shall receive inservice training on hazardous substances in their work area at the time of their initial assignment and whenever a new hazard is introduced into their work area. This training shall include but is not limited to: (8 CCR 5194)

- a. An overview of the requirements of California's Hazard Communication Regulation (8 CCR 5194), including employee rights described therein
- b. Instruction on how to read labels and review the MSDS for appropriate information

4. List of Hazardous Substances

For specific information about the hazardous substances known to be present in the district and schools, employees may consult the MSDS.

5. Informing Contractors

To ensure that outside contractors and their employees work safely in district buildings and schools, the Superintendent or designee shall inform these contractors of hazardous substances which are present on the site and precautions that employees may take to lessen the possibility of exposure. It shall be the contractor's responsibility to disseminate this information to his/her employees and subcontractors.
