Guerneville School District

3511 Board Policy

Energy And Water Management

Board Adopted: 11.14.2016

Board Revised 8.12.2019

BP 3511

Business and Noninstructional Operations

The Governing Board recognizes the environmental and financial benefits that can be derived from conserving energy, water, and other natural resources, preparing for extreme weather and other natural events, and providing an environment that promotes the health and well-being of students and staff. To support district goals for energy and water management, the Superintendent or designee shall develop a resource management program which may include strategies for implementing effective and sustainable resource use practices, exploring the use of renewable and clean energy technology and/or sources, reducing energy and water consumption, and promoting conservation principles in the educational program.

(cf. 0200 – Goals for the School District)

(cf. 3100 – Budget)

(cf. 3300 – Expenditures and Purchases)

(cf. 3510 – Green School Operations)

(cf. 3511.1 – Integrated Waste Management)

(cf. 3512 – Equipment)

(cf. 6142.5 – Environmental Education)

The Superintendent or designee may solicit input from staff, students, and parents/guardians regarding the district's resource management program. The Superintendent or designee shall provide staff and students with training and guidance on best practices to achieve the district's goals, and may establish a reward program to recognize outstanding accomplishments.

(cf. 1150 – Commendation and Awards)

The Superintendent or designee shall regularly inspect district facilities, monitor operations, and make recommendations for maintenance and repairs which may help the district reach its conservation and management goals and improve efficiency.

(cf. 7110 – Facilities Master Plan)

(cf. 7111 – Evaluating Existing Buildings)
