

Regulation 7111: Evaluating Existing Buildings

Status: ADOPTED

Original Adopted Date: 03/13/2001 | **Last Reviewed Date:** 03/13/2001

The Superintendent or designee shall periodically evaluate the adequacy and design of existing district facilities to determine whether they meet the needs of the instructional program, provide a healthful and pleasing environment for students and staff and fulfill legal requirements for safety and structural soundness, accessibility to the disabled and energy conservation.

In the event that the Department of General Services or any licensed structural engineer or licensed architect finds and reports to the Board of Education that a district building is unsafe for use, the Superintendent or designee shall immediately obtain an estimate of the cost of repairs or reconstruction necessary to bring the building up to legal standards for structural safety. The Board shall establish a system of priorities for the repair, reconstruction or replacement of unsafe school buildings. (Education Code 17367)
