

Policy 7111: Evaluating Existing Buildings

Status: ADOPTED

Original Adopted Date: 10/29/1984

All existing school facilities will be evaluated periodically for their spatial, thermal, visual, health, sonic and aesthetic requirements in terms of the desired educational programming, and for safety and structural soundness as required by law.

Planning for major rehabilitation and remodeling will be incorporated in the school facilities master plan on a scheduled basis.

Evaluations of existing buildings will include the possibility of retrofitting them with energy conserving devices, insulation, and design modifications for the purposes of reduction of the costs of supplying energy shall be considered, as permitted under Education Code 17900 through 17903.
