Budget

BP 3100(a)

The Governing Board recognizes its critical responsibility for adopting a sound budget each fiscal year which is aligned with and reflects the district's vision, goals, priorities, local control and accountability plan (LCAP), and other comprehensive plans. The district budget shall guide decisions and actions throughout the year and shall serve as a tool for monitoring the fiscal health of the district.

The district budget shall show a complete plan and itemized statement of all proposed expenditures and all estimated revenues for the following fiscal year, together with a comparison of revenues and expenditures for the current fiscal year. The budget shall also include the appropriations limit and the total annual appropriations subject to limitation as determined pursuant to Government Code 7900-7914. (Education Code 42122)

In order to provide guidance in the development of the budget, the Board shall annually establish budget priorities based on identified district needs and goals and on realistic projections of available funds. The Superintendent or designee shall oversee the preparation of a proposed district budget for approval by the Board and shall involve appropriate staff in the development of budget projections.

The Board shall hold a public hearing on the proposed budget in accordance with Education Code 42103 and 42127. The hearing shall occur at the same meeting as the public hearing on the district's LCAP and the local control funding formula (LCFF) budget overview for parents/guardians. (Education Code 42103, 42127, 52062, 52064.1)

The Board shall adopt the district budget at a public meeting held after the date of the public hearing but on or before July 1 of each year. The Board shall adopt the budget following its adoption of the LCAP, or annual update to the LCAP, and the LCFF budget overview for parents/guardians. The budget shall include the expenditures necessary to implement the LCAP or the annual update to the LCAP. (Education Code 42127, 52062)

The budget that is presented at the public hearing as well as the budget formally adopted by the Board shall adhere to the state's Standardized Account Code Structure as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42126, 42127)

The Superintendent or designee may supplement this format with additional information as necessary to effectively communicate the budget to the Board, staff, and public.

No later than five days after the Board adopts the district budget or by July 1, whichever occurs first, the Board shall file the adopted district budget with the County Superintendent of Schools. The budget and supporting data shall be maintained and made available for public review. (Education Code 42127) If the County Superintendent disapproves or conditionally approves the district's budget, the Board shall review and respond to the County Superintendent's recommendations at a regular public meeting on or before October 8. The response shall include any revisions to the adopted budget and any other proposed actions to be taken as a result of those recommendations. (Education Code 42127)

Budget Advisory Committee

The Board or the Superintendent may appoint a budget advisory committee composed of staff, Board representatives, and/or members of the community.

The committee shall submit recommendations during the budget development process and its duties shall be assigned each year based on district needs. All recommendations of the committee shall be advisory only and shall not be binding on the Board.

Budget Criteria and Standards

The district budget shall be developed in accordance with state criteria and standards specified in 5 CCR 15440-15450 as they relate to projections of average daily attendance (ADA), enrollment, ratio of ADA to enrollment, LCFF revenue, salaries and benefits, other revenues and expenditures, facilities maintenance, deficit spending, fund balance, and reserves. In addition, the Superintendent or designee shall provide the supplemental information specified in 5 CCR 15451 which addresses the methodology and budget assumptions used, contingent liabilities, use of one-time revenues for ongoing expenditures, use of ongoing revenues for one-time expenditures, contingent revenues, contributions, long-term commitments, unfunded liabilities, status of collective bargaining agreements, the LCAP, and LCAP expenditures. (Education Code 33128, 33129, 42127.01; 5 CCR 15440-15451)

The district budget shall provide for increased or improved services for unduplicated students at least in proportion to the increase in funds apportioned on the basis of the number and concentration of unduplicated students in accordance with 5 CCR 15496. Unduplicated students are students who are eligible for free or reduced-price meals, English learners, and/or foster youth. (Education Code 42238.07; 5 CCR 15496)

The Board may establish other budget assumptions or parameters which may take into consideration the stability of funding sources, legal requirements and constraints on the use of funds, anticipated increases and/or decreases in the cost of services and supplies, program requirements, and any other factors necessary to ensure that the budget is a realistic plan for district revenues and expenditures.

Fund Balance

The district shall classify fund balances in compliance with Governmental Accounting Standards Board (GASB) Statement 54, as follows:

1. Nonspendable fund balance includes amounts that are not expected to be converted to cash, such as resources that are not in a spendable form (e.g., inventories and prepaids) or that are legally or contractually required to be maintained intact.
2. Restricted fund balance includes amounts constrained to specific purposes by their providers or by law.
3. Committed fund balance includes amounts constrained to specific purposes by the Board.

For this purpose, all commitments of funds shall be approved by a majority vote of the Board. The constraints shall be imposed no later than the end of the reporting period (June 30), although the actual amounts may be determined subsequent to that date but prior to the issuance of the financial statements.

4. Assigned fund balance includes amounts which are intended for a specific purpose but do not meet the criteria to be classified as restricted or committed.

The Board delegates authority to assign funds to the assigned fund balance to the Superintendent and authorizes the assignment of such funds to be made any time prior to the issuance of the financial statements. The Superintendent shall have discretion to further delegate the authority to assign funds.

5. Unassigned fund balance includes amounts that are available for any purpose.

When multiple types of funds are available for an expenditure, the district shall first utilize funds from the restricted fund balance as appropriate, then from the committed fund balance, then from the assigned fund balance, and lastly from the unassigned fund balance.

The Board intends to maintain a minimum assigned and unassigned fund balance in an amount the Board deems sufficient to maintain fiscal solvency and stability and to protect the district against unforeseen circumstances.

Budget (continued)

BP 3100(c)

If the assigned and unassigned fund balance falls below the level set by the Board due to an emergency situation, unexpected expenditures, or revenue shortfalls, the Board shall develop a plan to recover the fund balance which may include dedicating new unrestricted revenues, reducing expenditures, and/or increasing revenues or pursuing other funding sources.

Reserve Balance

The district budget shall include a minimum reserve balance for economic uncertainties that is consistent with the percentage or amount specified in 5 CCR 15450.

In any year following the fiscal year in which the district is notified by the SPI that the amount of monies in the state Public School System Stabilization Account equals or exceeds three percent of the combined total of general fund revenues appropriated for school districts and allocated local proceeds of taxes, the district budget shall not contain a combined assigned or unassigned ending general fund balance that is in excess of 10 percent of these funds, unless the requirement is waived in accordance with Education Code 42127.01. (Education Code 42127.01)

Long-Term Financial Obligations

The district's current-year budget and multiyear projections shall include adequate provisions for addressing the district's long-term financial obligations, including, but not limited to, long-term obligations resulting from collective bargaining agreements, financing of facilities projects, unfunded or future liability for retiree benefits, and accrued workers' compensation claims.

The Board may approve a plan for meeting the district's long-term obligations to fund contributions to the California Public Employees' Retirement System (CalPERS) which, to the extent possible, minimizes significant increases in annual general fund expenditures towards pension obligations. The plan may include prefunding required pension contributions through the California Employers' Pension Prefunding Trust Program pursuant to Government Code 21710-21716.

The Board shall approve a plan for meeting the district's long-term obligations to fund nonpension, other postemployment benefits (OPEBs). This plan shall include a specific funding strategy and the method that will be used to finance the district's annual fiscal obligations for such benefits in a manner that continually reduces the deficit to the district to the extent possible. The Board reserves the authority to review and amend the funding strategy as necessary to ensure that it continues to serve the best interests of the district and maintains flexibility to adjust for changing budgetary considerations.

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of OPEBs. As a separate agenda item at the same meeting, the Board shall disclose whether or not it will reserve a sufficient amount of money in its budget to fund the present value of the benefits of existing retirees and/or the future cost of employees who are eligible for benefits in the current fiscal year. (Education Code 42140)

The Superintendent or designee shall annually present a report to the Board on the estimated accrued but unfunded cost of workers' compensation claims and the actuarial reports upon which the estimated costs are based. As a separate agenda item at the same meeting, the Board shall disclose whether it will reserve in the budget sufficient amounts to fund the present value of accrued but unfunded workers' compensation claims or if it is otherwise decreasing the amount in its workers' compensation reserve fund. The Board shall annually certify to the County Superintendent the amount, if any, that it has decided to reserve in the budget for these costs. The Board shall submit to the County Superintendent any budget revisions that may be necessary to account for this budget reserve. (Education Code 42141)

Budget Amendments

No later than 45 days after the Governor signs the annual Budget Act, the Superintendent or designee shall make available for public review any revisions in budgeted revenues and expenditures which occur as a result of the funding made available by that Budget Act. (Education Code 42127)

Budget (continued)**BP 3100(d)**

Whenever revenues and expenditures change significantly throughout the year, the Superintendent or designee shall recommend budget amendments to ensure accurate projections of the district's net ending balance. When final figures for the prior-year budget are available, this information shall be used as soon as possible to update the current-year budget's beginning balance and projected revenues and expenditures.

In addition, budget amendments shall be submitted for Board approval as necessary when collective bargaining agreements are accepted, district income declines, increased revenues or unanticipated savings are made available to the district, program proposals are significantly different from those approved during budget adoption, interfund transfers are needed to meet actual program expenditures, and/or other significant changes occur that impact budget projections.

(Education Code 42127)

This committee shall consist of either: (Education Code 42127.1, 42127.2)

1. Three persons selected by the Board from a list of candidates provided by the Superintendent of Public Instruction (SPI), who shall be selected within five working days after receiving the list of candidates
2. A regional review committee selected and convened by the County Superintendent with the approval of the Board and SPI

If the budget review committee recommends disapproval of the district budget, the Board may submit a response to the SPI no later than five working days after receipt of the committee's report. The response may include any revisions to the adopted final budget and any other proposed actions to be taken as a result of the committee's recommendations. (Education Code 42127.3)

For the current fiscal year, the district shall operate in accordance with the budget adopted by the County Superintendent. (Education Code 42127.3)

Board Policy
Business and Noninstructional Operations
Fund Balance Policy

BP 3101(a)

Purpose

This Fund Balance Policy establishes the procedures for reporting unrestricted fund balance in the General Fund financial statements. Fund balance is essentially the difference between the assets and liabilities reported in a governmental fund. Certain commitments and assignments of fund balance will help ensure that there will be adequate financial resources to protect the Calipatria Unified School District against unforeseen circumstances and events such as revenue shortfalls and unanticipated expenditures. The policy also authorizes and directs the Superintendent and Chief Business Official to prepare financial reports which accurately categorize fund balance as per Government Accounting Standards Board (GASB) Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions.

General Policy

In accordance with GASB Statement 54, external financial reports shall report fund balances in the general fund within the following classifications based on the relative strength of constraints placed on the purposes for which resources can be used:

1. Nonspendable fund balance, including amounts that are not expected to be converted to cash, such as resources that are not in a spendable form or are legally or contractually required to be maintained intact.
2. Restricted fund balance, including amounts constrained to specific purposes by their providers or by law.
3. Committed fund balance, including amounts constrained to specific purposes by the Board.
4. Assigned fund balance, including amounts which the Board or its designee intends to use for a specific purpose.
5. Unassigned fund balance, including amounts that are available for any purpose.

This policy is focused on the financial reporting of unrestricted fund balance, or the last three components listed above.

Committed Fund Balance

The Governing Board, as the Calipatria Unified School District's highest level of decision-making authority, may commit fund balance for specific purposes pursuant to constraints imposed by formal actions taken, by majority vote or resolution. These committed amounts cannot be used for any other purpose unless the Governing Board removes or changes the specific use through the same type of formal action taken to establish the commitment. Governing Board action to commit fund balance needs to occur within the fiscal reporting period, no later than June 30; however, the amount can be determined subsequent to the release of the financial statements.

Assigned Fund Balance

Amounts that are constrained by the Calipatria Unified School District's intent to be used for specific purposes, but are neither restricted nor committed, should be reported as assigned fund balance. This policy hereby delegates the authority to assign amounts to be used for specific purposes to the Superintendent and the Chief Business Official for the purpose of reporting these amounts in the annual financial statements.

Unassigned Fund Balance

These are residual positive net resources of the General Fund in excess of what can properly be classified in one of the other four categories. There are some reserves that do not meet the requirements of the fore mentioned components of fund balance. For financial statement reporting purpose, these reserves are included in unassigned fund balance. This includes:

Reserve for Economic Uncertainty Reserve

The Calipatria Unified School District will maintain an economic uncertainty reserve of at least 3% of total General Fund operating expenditures (including other financing). The primary purpose of this reserve is to avoid the need for services level reductions in the event of an economic downturn. This reserve may be increased from time to time in order to address specific anticipated revenue or cash flow shortfalls. It is Calipatria Unified School District's intent to continuously sustain a 4% Economic Uncertainty Reserve.

Fund Balance Classification

For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first and then unrestricted. Expenditures incurred in the unrestricted fund balances shall be reduced first from the committed fund balance, then from the assigned fund balance and lastly, the unassigned fund balance.

The Board reserves the authority to review and amend this policy as needed to reflect changing circumstances and district needs.

Board Policy
Business and Noninstructional Operations
Transfer of Funds

BP 3110

The Governing Board recognizes its responsibility to monitor the district's fiscal practices to ensure accountability regarding the expenditure of public funds and compliance with legal requirements.

The total amount budgeted by the district for each major classification of expenditures, as listed in the California Department of Education's budget forms, shall be the maximum amount which the district may expend for that classification for the school year. (Education Code 42600)

However, when it is in the best interest of the district, the Board may:

1. At any time, adopt a written resolution providing for transfers from the designated fund balance or the unappropriated fund balance to any expenditure classification or between classifications. The resolution shall be filed with the County Superintendent of Schools and the County Auditor. (Education Code 42600)
2. Direct the temporary transfer of monies held in any district fund or account to another fund or account as necessary for the payment of obligations. Such borrowing shall occur only when the fund or account receiving the money will earn sufficient income during the current fiscal year to repay the amount transferred. No more than 75 percent of the maximum amount held in any fund or account during the current fiscal year may be transferred. Amounts transferred shall be repaid in the same fiscal year, or in the following fiscal year if the transfer takes place within the final 120 calendar days of a fiscal year. (Education Code 42603)
3. At the close of a school year, request that the County Superintendent make transfers between the designated fund balance or the unappropriated fund balance and any expenditure classification(s), or balance any expenditure classifications of the district budget as necessary for the payment of obligations incurred during that school year. (Education Code 42601)
4. If any special reserve funds that are maintained for capital outlay or other purposes pursuant to Education Code 42842 are not actually encumbered for ongoing expenses, transfer those monies into the general fund for the general operating purposes of the district. If any monies remain in the special reserve fund at the conclusion of a project, the Board may submit a written request to the County Superintendent, Auditor, and Treasurer to discontinue the special reserve fund and transfer those monies to the district's general fund. (Education Code 42841-42843)
5. Transfer monies between other funds or accounts when authorized by law.

Federal Grant Funds

BP 3230

The Governing Board recognizes the district's responsibility to maintain fiscal integrity and transparency in the use of all funds awarded through federal grants. The district shall comply with all requirements detailed in any grant agreement with an awarding agency and with the federal Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards specified in 2 CFR 200.0-200.521 and any stricter state laws and district policy.

Any goods or services purchased with federal funds shall be reasonable in cost and necessary for the proper and efficient performance or administration of the program.

The Superintendent or designee shall ensure that the district's financial management systems and procedures provide for the following: (2 CFR 200.302)

1. Identification in district accounts of each federal award received and expended and the federal program under which it was received
2. Accurate, current, and complete disclosure of the financial results of each federal award or program in accordance with the reporting requirements of 2 CFR 200.328 and 200.329
3. Records and supporting documentation that adequately identify the source and application of funds for federally funded activities, including information pertaining to federal awards, authorizations, financial obligations, unobligated balances, assets, expenditures, income, and interest
4. Effective control over and accountability for all funds, property, and other assets and assurance that all assets are used solely for authorized purposes
5. Comparison of actual expenditures with budgeted amounts for each federal award
6. Written procedures to implement provisions governing payments as specified in 2 CFR 200.305
7. Written procedures for determining the allowability of costs in accordance with 2 CFR 200.400-200.475 and the terms and conditions of the federal grant award

The Superintendent or designee shall develop and implement appropriate internal control processes to reasonably assure that transactions are properly executed, recorded, and accounted for so that the district can prepare reliable financial statements and federal reports, maintain accountability over assets, and demonstrate compliance with federal laws, regulations, and conditions of the federal award. (2 CFR 200.61, 200.62, 200.303)

Equipment purchased with federal funds shall be properly inventoried and adequately maintained to safeguard against loss, damage, or theft of the property.

All staff involved in the administration or implementation of programs and activities supported by federal funds shall receive information and training on the allowable use of federal funds, purchasing procedures, and reporting processes commensurate with their duties.

The district shall submit financial and performance reports to the awarding agency in accordance with the schedule and indicators required for that federal grant by law and the awarding agency. As required, such reports may include a comparison of actual accomplishments to the objectives of the federal award, the relationship between financial data and performance accomplishments, the reasons that established goals were not met if applicable, cost information to demonstrate cost-effective practices, analysis and explanation of any cost overruns or high unit costs, and other relevant information. The final performance report shall be submitted no later than 120 calendar days after the ending date of the grant. (2 CFR 200.301, 200.328, 200.329)

**Administrative Regulation
Business and Noninstructional Operations
Federal Grant Funds**

AR 3230(a)

To ensure the lawful expenditure of any federal formula or discretionary grant funds awarded to the district, the Superintendent or designee shall comply with the requirements of the Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (the "Uniform Guidance"), as contained in 2 CFR 200.0-200.521 and Appendices I-XII.

Allowable Costs

Prior to obligating or spending any federal grant funds, the Superintendent or designee shall determine whether a proposed purchase is an allowable expenditure in accordance with 2 CFR 200.400-200.475 and the terms and conditions of the award. The Superintendent or designee shall also determine whether the expense is a direct or indirect cost as defined in 2 CFR 200.413 and 200.414 and, if the purchase will benefit other programs not included in the grant award, the appropriate share to be allocated to the federal grant.

The Superintendent or designee shall review and approve all transactions involving federal grant funds and shall ensure the proper coding of expenditures consistent with the California School Accounting Manual.

Period of Performance

All obligations of federal funds shall occur on or between the beginning and ending dates of the grant project and shall be paid no later than 120 calendar days after the end of the funding period, unless specifically authorized by the grant award to be carried over beyond the initial term of the grant. (2 CFR 200.77, 200.308, 200.309, 200.344)

Procurement

When procuring goods and services with a federal grant, the Superintendent or designee shall comply with the standards contained in 2 CFR 200.317-200.327 and Appendix II of Part 200, and with any applicable state bidding or procurement law or district policy that is more restrictive.

As appropriate to encourage greater economy and efficiency, the Superintendent or designee shall avoid acquisition of unnecessary or duplicative items, give consideration to consolidating or breaking out procurements, analyze lease versus purchase alternatives, consider entering into an interagency agreement for procurement of common or shared goods and services, and/or use federal excess or surplus property. (2 CFR 200.318)

The procurement of goods or services with federal funds shall be conducted in a manner that provides full and open competition in accordance with state laws and district regulations and the following requirements:

1. Any purchase of supplies or services that does not exceed the "micro-purchase" threshold established by the district in accordance with 48 CFR 2.101 may be awarded without soliciting competitive quotes, provided that the district considers the price to be reasonable and maintains written evidence of this reasonableness in the record of all micro-purchases. (2 CFR 200.67, 200.320)
2. For any purchase that exceeds the micro-purchase threshold but is less than the bid limit required by Public Contract Code 20111, the Superintendent or designee shall utilize "small-purchase" procedures that include obtaining price or rate quotes from an adequate number of qualified sources. (2 CFR 200.320)
3. Contracts for goods or services over the bid limits required by Public Contract Code 20111 shall be awarded pursuant to California law and AR 3311 - Bids, unless exempt from bidding under the law.

Federal Grant Funds (continued)

AR 3230(b)

4. If a purchase is exempt from bidding and the district's solicitation is by a request for proposals, the award may be made by either a fixed-price or cost-reimbursement type contract awarded to the entity whose proposal is most advantageous to the program, with price and other factors considered. (2 CFR 200.320)
5. Procurement by noncompetitive proposals (sole sourcing) may be used only when the item is available exclusively from a single source, the need or emergency will not permit a delay resulting from competitive solicitation, the awarding agency expressly authorizes sole sourcing in response to the district's request, and/or competition is determined inadequate after solicitation of a number of sources. (2 CFR 200.320)
6. Time and materials type contracts may be used only after a determination that no other contract is suitable and if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract for which the cost is the sum of the actual cost of materials and direct labor hours charged at fixed hourly rates that reflect wages, general administrative expenses, and profit. (2 CFR 200.318)

For any purchase of \$25,000 or more, the Superintendent or designee shall verify that any vendor which is used to procure goods or services is not excluded or disqualified by the federal government. (2 CFR 180.220, 200.214)

All solicitations shall incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description shall avoid detailed product specifications to the extent possible, but may include a statement of the qualitative nature of the material, product, or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it must conform if it is to satisfy its intended use. When it is impractical or not economical to make a clear and accurate description of the technical requirements, a brand name or equivalent description may be used to define the performance or other salient requirements of procurement, clearly stating the specific features of the named brand which must be met by offers. In addition, every solicitation shall identify all requirements which the offer must fulfill and any other factors to be used in evaluating bids or proposals. (2 CFR 200.319)

The Superintendent or designee shall maintain sufficient records to document the procurement, including, but not limited to, the rationale for the method of procurement, selection of the contract type, contractor selection or rejection, and the basis for the contract price. (2 CFR 200.318)

The Superintendent or designee shall ensure that all contracts for purchases using federal grant funds contain the applicable contract provisions described in Appendix II to Part 200 - Contract Provisions for Non-Federal Entity Contracts Under Federal Awards. (2 CFR 200.327)

Capital Expenditures

The Superintendent or designee shall obtain prior written approval from the awarding agency before using federal funds to make capital expenditures, including the acquisition of land, facilities, equipment, and intellectual property and expenditures to make additions, improvements, modifications, replacements, rearrangements, reinstallations, renovations, or alterations to capital assets that materially increase their value or useful life. (2 CFR 200.313, 200.439)

Conflict of Interest

Governing Board members, district employees, and other district representatives shall not participate in the selection, award, or administration of a contract supported by federal funds if they have a real or apparent conflict of interest, such as when they or a member of their immediate family, their partner, or an organization which employs or is about to employ any of them has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

Federal Grant Funds (continued)

AR 3230(c)

Such persons are prohibited from soliciting or accepting gratuities, favors, or anything of monetary value from contractors or subcontractors unless the gift is an unsolicited item of nominal value. (2 CFR 200.318)

Employees engaged in the selection, award, and administration of contracts shall also comply with BB 9270 - Conflict of Interest.

Persons involved in the selection, award, or administration of a contract supported by federal funds shall be subject to discipline for any violation of conflict of interest standards. (2 CFR 200.318)

Cash Management

The Superintendent or designee shall ensure the district's compliance with 2 CFR 200.305 pertaining to payments and cash management, including compliance with applicable methods and procedures that minimize the time elapsing between the transfer of funds to the district and the district's disbursement of funds. (2 CFR 200.305)

When authorized by law, the district may receive advance payments of federal grant funds, limited to the minimum amounts needed and timed in accordance with the actual immediate cash requirements of the district for carrying out the purpose of the program or project.

Except under specified conditions, the district shall maintain the advance payments in an interest-bearing account. The district shall remit interest earned on the advanced payment to the awarding agency on an annual basis, but may retain interest amounts specified in 2 CFR 200.305 for administrative expenses. (2 CFR 200.305)

When required by the awarding agency, the district shall instead submit a request for reimbursement of actual expenses incurred. The district may also request reimbursement as an alternative to receiving advance payments. (2 CFR 200.305)

The Superintendent or designee shall maintain source documentation supporting the expenditure of federal funds, such as invoices, time sheets, payroll stubs, or other appropriate documentation.

Personnel

All district employees who are paid in full or in part with federal funds shall document the amount of time they spend on grant activities. Such records shall be incorporated into the official records of the district and shall be subject to a system of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated in accordance with 2 CFR 200.430. (2 CFR 200.430)

Salaries and wages of employees whose salary is paid with state or local funds but are used to meet a cost-sharing or matching requirement of the federal grant shall be documented in the same manner as salaries and wages claimed for reimbursement under a federal grant. (2 CFR 200.430)

Records

Except as otherwise provided in 2 CFR 200.334, or where state law or district policy requires a longer retention period, financial records, supporting documents, statistical records, and all other district records related to a federal award shall be retained for a period of three years from the date of submission of the final expenditure report or, for a federal award that is renewed quarterly or annually, from the date of the submission of the quarterly or annual financial report. (2 CFR 200.334)

Audits

Whenever the district expends \$750,000 or more in federal grant funds during a fiscal year, it shall arrange for either a single audit or a program-specific audit in accordance with 2 CFR 200.507 or 200.514. (2 CFR 200.501)

Federal Grant Funds (continued)**AR 3230(c)**

The Superintendent or designee shall ensure that the audit meets the requirements specified in 2 CFR 200.500-200.521.

Specified records pertaining to the audit of federal funds expended by the district shall be transmitted to the clearinghouse designated by the federal Office of Management and Budget and shall be made available for public inspection. Such records shall be transmitted within 30 days after receipt of the auditor's report or within nine months after the end of the audit period, whichever is sooner, unless a longer period is agreed to in advance by the federal agency or a different period is specified in a program-specific audit guide. (2 CFR 200.512)

In the event that the audit identifies any deficiency, the Superintendent or designee shall promptly act to either correct the identified deficiency, produce recommended improvements, or demonstrate that the audit finding is invalid or does not warrant action. (2 CFR 200.26, 200.508, 200.511)

Sale and Disposal of Books, Equipment and Supplies

BP 3270

The Governing Board recognizes its fiscal responsibility to maximize the use of district equipment, supplies, instructional materials, and other personal property while providing up-to-date resources that facilitate student learning and effective district operations. When the Board, upon recommendation of the Superintendent or designee, declares any district-owned personal property unusable, obsolete, or no longer needed, the Board shall determine the estimated value of the property and shall decide whether the property will be donated, sold, or otherwise disposed of as prescribed by law and administrative regulation.

The Board shall approve the price and terms of any sale or lease of personal property of the district.

If the Board members who are in attendance at a meeting unanimously find that the value of the property is insufficient to defray the costs of arranging a sale, the property may be donated to a charitable organization deemed appropriate by the Board or may be disposed of in the local public dump. (Education Code 17546)

Instructional materials shall be considered obsolete or unusable by the district if they have been replaced by more recent editions or new materials selected by the Board, are not aligned with the district's academic standards or course of study, and have no foreseeable value in other instructional areas. Equipment/Supplies Acquired with Federal Funds

When the district has a need to replace equipment originally purchased with funds from a federal grant or subgrant, it may, subject to the approval of the agency that awarded the grant, trade in the original equipment or sell the property and use the proceeds to offset the cost of the replacement property. The district shall sell the property to the highest responsible bidder or shall reject all bids. (Education Code 17545, 17548)

 - a. The Board members in attendance at a meeting have unanimously determined that the property does not exceed \$2,500 in value. (Education Code 17546)
 - b. The district sells the property to agencies of the federal, state, or local government, to any other school district, or to any agency eligible under the federal surplus property law and the sale price equals the cost of the property plus the estimated cost of purchasing, storing, and handling. (Education Code 17540; 40 USC 549)
 - c. The district sells or leases the property to agencies of the federal, state, or local government or to any other school district and the price and terms of the sale or lease are fixed by the Board and approved by the County Superintendent of Schools. (Education Code 17542)

The Superintendent or designee shall periodically study the current and projected use of all district facilities to ensure the efficient utilization of space for the effective delivery of instruction.

Prior to the sale or lease of any surplus real property, the Board shall appoint a district advisory committee to advise the Board regarding the use or disposition of schools or school building space which is not needed for school purposes. The Board may elect not to appoint a district advisory committee for any of the following: (Education Code 17388, 17391)

1. A rental of property for a period of time not exceeding 30 days
2. A lease or rental of surplus property to a private educational institution for the purpose of offering summer school
3. A sale, lease, or rental of surplus property to be used for teacher or other employee housing
4. Until July 1, 2024, a sale or lease of surplus property that has not previously operated, or was not constructed to be operated, as an early childhood education facility or a school for elementary or secondary instruction

(cf. 1220 - Citizen Advisory Committees)

In addition, to ensure that the proposed disposition of the property conforms with any general plan adopted by the local planning agency that affects or includes the area where the surplus property is located, the Board shall submit a report to the local planning agency describing the location of the surplus property and the purpose and extent of the proposed sale or lease. (Government Code 65402)

The Board shall determine whether the sale or lease of the surplus property is subject to review under the California Environmental Quality Act. (Public Resources Code 21000-21177; 14 CCR 15061-15062)

The Board may meet in closed session with its real property negotiator prior to the sale or lease of real property by the district in order to grant its negotiator authority regarding the minimum price or rent and terms of the sale or lease. (Government Code 54956.8)

When selling or leasing district real property, the Board shall comply with applicable procedures and give priority to specified public agencies as required by law. (Education Code 17230, 17464, 17485-17499; Government Code 54222)

Resolution of Intention to Sell or Lease

Before ordering the sale or lease of any real property, the Board shall adopt a resolution by a two-thirds vote of all of its members at a regularly scheduled open meeting. The resolution shall describe the property proposed to be sold or leased in such a manner as to identify it, specify the minimum price or rent, describe the terms upon which it will be sold or leased, and specify the commission or rate, if any, which the Board will pay to a licensed real estate broker out of the minimum price or rent. The resolution shall fix a time, not less than three weeks thereafter, for a public meeting, held at the Board's regular meeting place, at which sealed proposals to purchase or lease will be received and considered. (Education Code 17466)

The Superintendent or designee shall provide notice of the adoption of the resolution and of the time and place of the meeting that will be held to consider bids by posting copies of the resolution, signed by the Board, in three public places not less than 15 days before the date of the meeting. In addition, the notice shall be published at least once a week for three successive weeks before the meeting, in a newspaper of general circulation published in the county in which the district is located, if such a newspaper exists. (Education Code 17469)

Sale or Lease of District-Owned Real Property (continued)

BP 3280(b)

At least 60 days prior to the public meeting, the Superintendent or designee shall take reasonable steps to provide written notification of the public meeting, by certified mail, to the former owner from whom the district acquired the property. (Education Code 17470)

Acceptance/Rejection of Bids

At the public meeting specified in the resolution of intention to sell or lease property, the Board shall open, examine, and declare all sealed bids. Before accepting a written proposal, the Board shall call for oral bids in accordance with law. (Education Code 17472, 17473)

The Board may reject any and all bids, either written or oral, and withdraw the properties from sale when the Board determines that rejection is in the best public interest. If no proposals are submitted or the submitted proposals do not conform to all the terms and conditions specified in the resolution of intention to lease, the Board may lease the property in accordance with Education Code 17477. (Education Code 17476, 17477)

Of the proposals submitted by responsible bidders which conform to all terms and conditions specified in the resolution of intention to sell or lease, the Board shall finally accept the highest bid after deducting the commission, if any, to be paid to a licensed real estate broker, unless the Board accepts a higher oral bid or rejects all bids. (Education Code 17472)

The final acceptance of the bid may be made either at the same meeting specified in the resolution or at any adjourned/continued meeting held within 10 days. Upon acceptance of the bid, the Board may adopt a resolution of acceptance that directs the Board president, or any other Board member, to execute the deed or lease and to deliver the document upon performance and compliance by the successful bidder of all of the terms and conditions of the contract. (Education Code 17475-17478)

Use of Proceeds

The Superintendent or designee shall ensure that the proceeds from the sale or lease with an option to purchase of surplus district property are used for one-time expenditures and not for ongoing expenditures such as salaries and general operating expenses. (Education Code 17462; 2 CCR 1700)

Proceeds from a sale of surplus district property shall generally be used for capital outlay or maintenance costs that the Board determines will not recur within a five-year period. Proceeds from a lease of district property with an option to purchase may be deposited into a restricted fund for the routine repair of district facilities, as defined by the SAB, for up to a five-year period. (Education Code 17462)

However, if the Board and SAB determine that the district has no anticipated need for additional sites or building construction for the next 10 years and no major deferred maintenance requirements, the proceeds from the sale or lease with an option to purchase may be deposited in a special reserve fund for the future maintenance and renovation of school sites or in the district's general fund. (Education Code 17462)

In addition, until July 1, 2024, if district surplus property was purchased entirely with local funds, the proceeds from the sale or lease of the property, together with any personal property located on the property, may be deposited into the general fund of the district and may be used for any one-time general fund purpose. Before exercising this authority, the Board shall: (Education Code 17463.7)

1. Submit to SAB documents certifying that the sale of real property does not violate the provisions of a local bond act and the real property is not suitable to meet projected school construction needs for the next 10 years
2. At a public meeting, adopt a plan for expending one-time resources from the sale or lease of the property which identifies the source and intended use of the surplus property proceeds and describes the reasons that the expenditure will not result in ongoing fiscal obligations for the district

Sale or Lease of District-Owned Real Property (continued)**BP 3280(c)**

Whenever the district sells real property that was purchased, improved, or modernized with funds that were received from a state school facilities funding program within the previous 10 years, the district shall notify OPSC within 90 calendar days of the sale of the property if the proceeds from the sale are not used for capital outlay and the property is not sold to a charter school, another school district, a county office of education, or an agency that will use the property exclusively for the delivery of child care and development services. If SAB subsequently makes a finding that the sale is subject to Education Code 17462.3, the district shall return the funds to the SAB within 90 calendar days of the finding. (2 CCR 1702)

The district advisory committee shall comply with open meeting requirements of the Brown Act. (Government Code 54952)

**Board Policy
Business and Noninstructional Operations
Gifts, Grants and Bequests**

BP 3290(a)

The Governing Board may accept any gift, grant, or bequest of money, property, or service to the district from any individual, organization, foundation, or public or private agency that desires to support the district's educational program. While greatly appreciating suitable donations, the Board shall reject any gift which may directly or indirectly impair its authority to make decisions in the best interest of district students or its ability or commitment to provide equitable educational opportunities.

Before accepting any gift, grant, or bequest, the Board shall carefully consider any conditions or restrictions imposed by the donor to ensure their consistency with the district's vision, philosophy, and operations. If the Board believes the district will be unable to fully satisfy the donor's conditions, the gift shall not be accepted.

In addition, the Board shall ensure that acceptance of the gift, grant, or bequest does not:

1. Involve creation of a program which the Board would be unable to sustain when the donation is exhausted
2. Entail undesirable or excessive costs
3. Promote the use of violence, drugs, tobacco, or alcohol
4. Advertise or endorse the use of non-nutritious food or beverages during the school day
5. Encourage or enable the violation of any law or district policy
6. Imply endorsement of any business or product or unduly commercialize or politicize the school environment

Any gift of books or instructional materials may only be accepted if they meet district criteria for selection of instructional materials.

All gifts, grants, and bequests shall become district property. Donors are encouraged to donate all gifts to the district rather than to a particular school, classroom, or teacher. At the Superintendent or designee's discretion, a gift may be used at a particular school or classroom.

When any gift of money received by the district is not immediately used, it shall be placed in the county treasury in accordance with law. (Education Code 41030-41031)

The Superintendent or designee shall annually provide a report to the Board indicating the gifts, grants, and/or bequests received on behalf of the district in the preceding fiscal year. The report shall include a statement of account and expenditure of all gifts of money and an inventory of all gifts of physical assets.

Corporate Sponsorship

The Board may enter into an agreement or arrangement with an outside entity for the sponsorship of an educational, athletic, or other program or activity. When appropriate, the agreement may allow the outside entity to advertise or promote its business, product, or service in district publications or on district property or web sites.

Every sponsorship agreement shall be in writing and shall be approved by the Board. The Board shall ensure that the district's relationship and arrangement with the sponsor are consistent with the district's mission, values, and goals. Any advertising or promotional message, image, or other depiction to be used by the sponsor shall meet the standards set for commercial advertising on district property and in district-sponsored publications in accordance with BP 1325 - Advertising and Promotion.

Each sponsorship agreement shall contain statements including, but not limited to:

1. The duration of the agreement and the roles, expectations, rights, and responsibilities of the district and the sponsor, including whether and to what extent the sponsor is allowed to advertise or promote its products and/or services
2. The authority of the Board to retain exclusive right over the use of the district's name, logo, and other proprietary information and the requirement that the sponsor obtain prior approval of the Board before using such information
3. The prohibition against the collection or distribution of students' personal information except as allowed by law
4. The authority of the Board to terminate the agreement without any penalty or sanction to the district if the sponsor's message, business, or product becomes inconsistent with the district's vision, mission, or goals or the sponsor engages in any prohibited activity

Online Fundraising

Any person or entity who wishes to conduct an online fundraising campaign, including a crowdfunding campaign, for the benefit of the district, a school, or a classroom shall submit a written request for prior approval to the Superintendent or designee. Approval of requests shall take into consideration compatibility with the district's vision and goals, core beliefs, instructional priorities, and infrastructure; the manner in which donations are collected and distributed; equity of the use of funds; and any other factors deemed relevant or appropriate by the district.

Any person or entity approved to conduct an online fundraising campaign shall comply with relevant district policies and procedures, including ensuring financial transparency in describing the purpose and use of the funds and protecting student privacy as applicable. Such person or entity shall specify that the district, rather than a staff member, classroom, or school, will own the funded resources.

Funds raised by an online fundraising campaign and donated to the district shall be subject to the same terms, criteria for acceptance, and accountability measures as any other donation as specified in this policy.

Appreciation

The Board may show appreciation for any donation to the district in any manner it deems appropriate. Such appreciation may take the form of letters of recognition or Board resolutions; plaques, commendations, or awards; planting of commemorative trees or gardens; or naming or renaming of buildings, grounds, or facilities. Conferment of any such honor shall be in accordance with applicable Board policy.

Receipt and Distribution Of Passes and Tickets Policy

The purpose of this policy is to comply with Fair Political Practices Commission (FPPC) regulations which require that any distribution of tickets or passes by the Calipatria Unified School District (District) to its officials, individuals or organizations, be made pursuant to a written policy duly adopted by the Calipatria Unified School District Board of Trustees (Board) which states the public purposes to be accomplished by the District.

This policy is to establish a district procedure for the distribution, use and reporting of tickets or passes to a facility, event, show or performance for an entertainment, amusement, recreational or similar purposes in compliance with section 18944.1 of the FPPC Regulation.

FPPC Regulation 18944.1 sets out the circumstances under which a public agency's distribution of tickets or passes for which no consideration of equal or greater value is provided by the public official or employee does not result in a gift to the public official or employee. Tickets or passes to an Event distributed and accounted for in compliance with this policy and FPPC Regulation 18944.1 will not be considered as gifts to the officials and employees who make use of such tickets and passes.

Gifts, Grants and Bequests (continued)

BP 3290(c)

This policy applies to tickets and passes that are: (i) gratuitously provided to the District by an outside source; or (ii) acquired by the District by purchase; or (iii) received by the District as consideration pursuant to the terms of a contract or because the District owns or controls the facility or venue at which the Event occurs or sponsors the Event.

1. This Policy shall be posted on the District's website in a prominent fashion.
2. For the purpose of this Policy, the following definitions will apply:
 - a. Ticket or Pass means admission to a facility, event, show, or performance for an entertainment, amusement, recreational, or similar purpose (Event).
 - b. Official means any member of the Board, or District employee.
 - c. Immediate Family means spouse and dependent children.
3. The ticket or pass shall not be earmarked by the original source for use by the Official who uses the ticket or pass.

Tickets or passes that are donated or provided by an outside source and are earmarked for use of a specific Official are considered gifts to the Official and are subject to the disclosure and reporting requirements applicable to gifts unless (a) the ticket or pass is provided to carry out his or her job duties or where the Official will perform a ceremonial role or function on behalf of the District, (2) The Official treats the tickets or passes as income consistent with federal and state income tax laws and the District reports distribution of the tickets or passes as income to the Official on the FPPC Form 802, or (3) The Official purchases or reimburses the District for the face value of the tickets or passes.

4. The District shall determine in its sole discretion which Official may use the ticket or pass.
5. Distribution of any ticket or pass by the District, to an Official, individual or organization, shall accomplish a public purpose of the District.
6. Tickets or passes may be provided to an Official, individual or organization to support any of the following public purposes:
 - a. A ceremonial role or function on behalf of the District.
 - b. As part of the District's community outreach efforts.
 - c. Representing the District at an event to sustain or build relationships with parents, students, employees, community members, or local, regional, state or federal agencies or organizations.
 - d. Representing the District at an Event of a non-governmental organization, which will sustain or build relationships with that non-governmental organization in support of the District's Vision, Philosophy, Objectives and Comprehensive Plans.
 - e. The Event will provide educational information that will benefit the District or Official attending the Event.
 - f. The Official's written job duties require the Official to appear at the Event.
 - g. Attendance of an Official at the Event will in some other way support the District's Vision, Philosophy, Objectives and Comprehensive Plans.
 - h. Encouraging or rewarding academic, athletic or public service achievements by Calipatria Unified School District students.
7. Any ticket or pass distributed pursuant to this Policy shall not be transferred to any other person, except to members of the Official's immediate family solely for their personal use.
8. The distribution of a ticket or pass pursuant to this Policy shall be posted on a form provided by the FPPC, in a prominent fashion on the District's website, within 30 days after the distribution. The posting shall include the following:

Gifts, Grants and Bequests (continued)

BP 3290(d)

- a. the name of the person receiving the picket or pass, except that if the ticket or pass is distributed to an organization outside the District, the District may post the name, address, description of the organization, and the number of tickets or passes provided to the organization in lieu of posting the names of each individual from the organization;
- b. a description of the event;
- c. the date of the event;
- d. the face value of the ticket or pass;
- e. the number of tickets or passes provided to each person;
- f. if the ticket or pass is behested, the name of the official who behested the ticket or pass, and
- g. a description of the public purpose under which the distribution was made or, alternatively, that the ticket or pass was distributed as income to the official.

Expenditures and Purchases

BP 3300(a)

The Governing Board recognizes its fiduciary responsibility to oversee the prudent expenditure of district funds. In order to best serve district interests, the Superintendent or designee shall develop and maintain effective purchasing procedures that are consistent with sound financial controls and that ensure the district receives maximum value for items purchased. He/she shall ensure that records of expenditures and purchases are maintained in accordance with law.

Expending Authority

The Superintendent or designee may purchase supplies, materials, apparatus, equipment, and services up to the amounts specified in Public Contract Code 20111, beyond which a competitive bidding process is required. The Board shall not recognize obligations incurred contrary to Board policy and administrative regulations.

The Board shall review all transactions entered into by the Superintendent or designee on behalf of the Board every 60 days. (Education Code 17605)

The Superintendent or designee may authorize an expenditure which exceeds the budget classification allowance against which the expenditure is the proper charge only if an amount sufficient to cover the purchase is available in the budget for transfer by the Board.

District funds shall not be expended for the purchase of alcoholic beverages. (Education Code 32435)

Purchasing Procedures

Insofar as possible, goods and services purchased shall meet the needs of the person or department ordering them at the lowest price consistent with standard purchasing practices. Maintenance costs, replacement costs, and trade-in values shall be considered when determining the most economical purchase price. When price, fitness, and quality are equal, recycled products shall be preferred when procuring materials for use in district schools and buildings.

All purchases shall be made by formal contract or purchase order or shall be accompanied by a receipt. In order to eliminate the processing of numerous small purchase orders, the Superintendent or designee may create a "blanket" or "open" purchase order system for the purchase of minor items as needed from a vendor. He/she shall ensure that the "open" purchase order system details a maximum purchase amount, the types of items that can be purchased under this order, the individuals authorized to approve purchases, and the expiration date of the "open" order.

BP 3311(a)

The Governing Board is committed to promoting public accountability and ensuring prudent use of public funds. When leasing, purchasing, or contracting for equipment, materials, supplies, or services for the district, including when contracting for public projects involving district facilities, the Board shall explore lawful opportunities to obtain the greatest possible value for its expenditure of public funds. When required by law, or if the Board determines that it is in the best interest of the district, such contracts shall be made using competitive bidding.

No work, project, service, or purchase shall be split or separated into smaller work orders or projects for the purpose of evading legal requirements for competitive bidding. (Public Contract Code 20116)

The Superintendent or designee shall establish comprehensive bidding procedures for the district in accordance with law. The procedures shall include a process for advertising bids, instructions and timelines for submitting and opening bids, and other relevant requirements.

For award of contracts which, by law or Board policy, require prequalification, the procedures shall identify a uniform system for rating bidders on the basis of a completed questionnaire and financial statements.

When calling for bids, the Superintendent or designee shall ensure that the bid specifications clearly describe in appropriate detail the quality, delivery, and service required and include all information which the district knows, or has in its possession, that is relevant to the work to be performed or that may impact the cost of performing the work.

Except as authorized by law, contracts shall be let to the lowest responsible bidder who shall give such security as the Board requires, or else all bids shall be rejected. (Public Contract Code 20111)

When the Board has determined that it is in the best interest of the district, the district may piggyback onto the contract of another public agency or corporation to lease or purchase any personal property to the extent authorized by law. (Public Contract Code 20118)

The district shall advertise for any of the following: (Public Contract Code 20111)

1. A public project contract that involves an expenditure of \$15,000 or more, including a contract for construction, reconstruction, erection, alteration, renovation, improvement, painting, repainting, demolition, or repair work involving a district owned, leased, or operated facility

Maintenance includes, but is not limited to, carpentry, electrical, plumbing, glazing, and other craft work designed to preserve the facility, as well as repairs, cleaning, and other operations on machinery and other permanently attached equipment. Maintenance does not include painting, repainting, or decorating other than touchup, or among other types of work, janitorial or custodial services and protection provided by security forces. (Public Contract Code 20115)

The Superintendent or designee shall call for bids by placing a notice at least once a week for two weeks in a local newspaper of general circulation published in the district, or if no such newspaper exists, then in some newspaper of general circulation that is circulated in the county. The Superintendent or designee also may post the notice on the district's web site or through an electronic portal. 1. All bidders shall certify in writing the minimum, if not exact, percentage of post-consumer materials in products, materials, goods, or supplies offered or sold. (Public Contract Code 22152)
2. All bids for construction work shall be presented under sealed cover. The district may accept a bid that has been submitted electronically or on paper. (Public Contract Code 20111, 20112)

The bid shall be accompanied by a form of bidder's security, including either cash, a cashier's check payable to the district, a certified check made payable to the district, or a bidder's bond executed by an admitted surety insurer and made payable to the district. The security of unsuccessful bidders shall be returned in a reasonable period of time, but in no event later than 60 days after the bid is awarded. (Public Contract Code 20111, 20112)

3. When a standardized proposal form is provided by the district, bids not presented on the standard form shall be disregarded. (Public Contract Code 20111.5)

Bids (Continued)

AR 3311(b)

4. Bids shall not be accepted after the advertised bid opening time, regardless of whether the bids are actually opened at that time. (Public Contract Code 20112)
5. When two or more identical lowest or highest bids are received, the Governing Board may determine by lot which bid shall be accepted. (Public Contract Code 20117)
6. If the district requires that the bid include prices for items that may be added to or deducted from the scope of work in the contract, the bid solicitation shall specify which one of the following methods will be used to determine the lowest bid. In the absence of such a specification, only the method provided in item #6a below shall be used. (Public Contract Code 20103.8)
 - a. The lowest bid shall be the lowest total of the bid prices on the base contract without consideration of the prices on the additive or deductive items.
 - b. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that were specifically identified in the bid solicitation as being used for the purpose of determining the lowest bid price.
 - c. The lowest bid shall be the lowest total of the bid prices on the base contract and those additive or deductive items that, when taken in order from a specifically identified list of those items in the solicitation, and added to or subtracted from the base contract, are less than or equal to a funding amount publicly disclosed by the district before the first bid is opened.

The lowest bid shall be determined in a manner that prevents any information that would identify any of the bidders or proposed subcontractors or suppliers from being revealed to the district before the ranking of all bidders from lowest to highest has been determined. (Public Contract Code 20103.8)
7. In determining the lowest bid, the district shall consider only responsive bids that conform to bid specifications and are submitted by responsible bidders who have demonstrated trustworthiness, quality, fitness, capacity, and experience to satisfactorily perform the public works contract.
 - a. When a bid is determined to be nonresponsive, the Superintendent or designee shall notify the bidder and give him/her an opportunity to respond to the determination.
 - b. When the lowest bidder is determined to be nonresponsive, the Superintendent or designee shall notify the bidder of his/her right to present evidence of his/her responsibility at a hearing before the Board.
8. After being opened, all submitted bids become public records pursuant to Government Code 6252 and shall be made available for public review pursuant to law, Board policy, and administrative regulation.

Prequalification Procedure

When required by law or the Board, the Superintendent or designee shall establish a uniform system for rating bidders on the basis of completed questionnaires and financial statements in order to determine the size of contracts on which each bidder is qualified to bid. For this purpose, the Superintendent or designee shall furnish prospective bidders a standardized prequalification questionnaire and financial record which, when completed, shall indicate a bidder's statement of financial ability and experience in performing public works. The bidder's information shall be verified under oath in the manner in which civil law pleadings are verified. The questionnaires and financial statements shall not be public records and shall not be open to public inspection. (Code of Civil Procedure 446; Public Contract Code 20111.5, 20111.6)

When any public project involves an expenditure of \$1,000,000 or more and is funded or reimbursed wholly or partly by the School Facilities Program funds or other future state school bond, the district shall prequalify prospective bidders either quarterly or annually. The prequalification shall be valid for one year and the following requirements shall apply: (Public Contract Code 20111.6)

Bids (Continued)

AR 3311(c)

1. Prospective bidders, including, but not limited to, prime, general engineering, and general building contractors and electrical, mechanical, and plumbing subcontractors, as defined in Public Contract Code 4113 or Business and Professions Code 7056 or 7057, as applicable, shall submit a standardized questionnaire and financial statement 10 or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.
2. Prospective bidders shall be prequalified by the district five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

If the project includes electrical, mechanical, or plumbing components that will be performed by electrical, mechanical, or plumbing contractors, the Superintendent or designee shall make available to all bidders a list of prequalified general contractors and electrical, mechanical, and plumbing subcontractors five or more business days, as determined by the district, before the date fixed for the public opening of sealed bids.

For all other contracts requiring competitive bidding, the district may establish a procedure for prequalifying bidders on a quarterly basis and may authorize that prequalification be considered valid for up to one calendar year following the date of the initial prequalification. Prospective bidders for such contracts shall submit the questionnaire and financial statement at least five days before the date fixed for public opening of sealed bids and shall be prequalified by the district at least one day before the fixed bid-opening date. (Public Contract Code 20111.5)

Award of Contract

The district shall award each contract to the lowest responsible bidder, except in the following circumstances:

1. When the contract is for the procurement and/or maintenance of electronic data processing systems and supporting software, in which case the Board may contract with any one of the three lowest responsible bidders (Public Contract Code 20118.1)
2. When the contract is for any transportation service which involves an expenditure of more than \$10,000 and which will be made with any person or corporation other than a common carrier, municipally owned transit system, or a parent/guardian of a student who is to be transported, in which case the Board may contract with other than the lowest bidder (Education Code 39802)
3. When the contract is one for which the Board has established goals and requirements relating to participation of disabled veteran or small business enterprises in accordance with Public Contract Code 2000-2002, in which case the Board may contract with the lowest responsible bidder who submits a responsive bid and complies or makes a good faith effort to comply with the goals and requirements (Public Contract Code 2000-2002)
4. When procuring a lease-leaseback contract, in which case the Board shall award the contract based on objective criteria for determining the best combination of price and qualifications in accordance with Education Code 17400 and 17406
5. When procuring a design-build contract for a public works project in excess of \$1,000,000 in accordance with Education Code 17250.20, in which case the Board may award the contract to either the low bid or the best value to the district, taking into consideration, at a minimum, price, technical design and construction expertise, and life-cycle costs (Education Code 17250.20, 17250.25)

Protests by Bidders

A bidder may protest a bid award if he/she believes that the award is not in compliance with law, Board policy, or the bid specification. A protest must be filed in writing with the Superintendent or designee within five working days after receipt of notification of the contract award and shall include all documents supporting or justifying the protest. A bidder's failure to file the protest documents in a timely manner shall constitute a waiver of his/her right to protest the award of the contract.

Bids (Continued)

AR 3311(d)

The Superintendent or designee shall review the documents submitted with the bidder's claims and render a decision in writing within 30 working days. The Superintendent or designee may also convene a meeting with the bidder in order to attempt to resolve the problem.

The bidder may appeal the Superintendent or designee's decision to the Board. The Superintendent or designee shall provide notice to the bidder of the date and time for Board consideration of the protest at least three business days before the Board meeting. The Board's decision shall be final.

Limitation on Use of Sole Sourcing

In any contract for the construction, alteration, or repair of school facilities, the Superintendent or designee shall ensure that the bid specification: (Public Contract Code 3002, 3400)

1. Does not directly or indirectly limit bidding to any one specific concern
2. Does not call for a designated material, product, thing, or service by a specific brand or trade name, unless the specification is followed by the words "or equal," so that bidders may furnish any equal material, product, thing, or service

In any such case, the bid specification shall provide a time period, before and/or after the award of the contract, for the contractor to submit data substantiating the request for substituting the designated material, product, thing, or service. If no such time period is specified, the contractor may submit the data within 35 days after the award of the contract.

However, the Superintendent or designee may designate a specific material, product, thing, or service by brand or trade name (sole sourcing) if the Board has made a finding, described in the invitation for bids or request for proposals (RFP), that a particular material, product, thing, or service is designated for any of the following purposes: (Public Contract Code 3400)

1. To conduct a field test or experiment to determine its suitability for future use
2. To match others in use on a particular public improvement that has been completed or is in the course of completion
3. To obtain a necessary item that is only available from one source
4. To respond to the Board's declaration of an emergency, as long as the declaration has been approved by four-fifths of the Board when issuing the invitation for bid or RFP

Bids Not Required

Without advertising for bids and upon a determination that it is in the best interest of the district, the Board may authorize another public corporation or agency, by contract, lease, requisition, or purchase order, to lease data-processing equipment or to purchase materials, supplies, equipment, automotive vehicles, tractors, and other personal property for the district in the manner that the other public corporation or agency is authorized to make the leases or purchases from a vendor ("piggyback"). Alternatively, if the public corporation or agency has an existing contract with a vendor for the lease or purchase of personal property, the district may authorize the lease or purchase of personal property directly from the vendor and make payments under the same terms that are available to the public corporation or agency under the contract. (Public Contract Code 20118)

Without advertising for bids, the Board may enter into an energy service contract and any related facility ground lease, when it determines that the terms of the contract and lease are in the best interest of the district and meet the cost effectiveness requirements specified in Government Code 4217.12. The Board's determination shall be made at a regularly scheduled public hearing of which notice is given to the public at least two weeks in advance and shall be based on cost and savings comparison findings specified in Government Code 4217.12. (Government Code 4217.12)

Bids (Continued)**AR 3311(e)**

Supplementary textbooks, library books, educational films, audiovisual materials, test materials, workbooks, instructional computer software packages, or periodicals may be purchased in any amount without taking estimates or advertising for bids. (Public Contract Code 20118.3)

Perishable foodstuffs and seasonal commodities needed in the operations of cafeterias may be purchased through bid or on the open market. (Education Code 38083)

Bids shall not be required for day labor under circumstances specified in Public Contract Code 20114. Day labor shall include the use of maintenance personnel employed on a permanent or temporary basis. (Public Contract Code 20114)

In an emergency when any repairs, alterations, work, or improvement to any school facility is necessary to permit the continuance of existing school classes or to avoid danger to life or property, the Board may, by unanimous vote and with the approval of the County Superintendent of Schools, contract for labor and materials or supplies without advertising for or inviting bids or may authorize the use of day labor or force account for the emergency purpose. (Public Contract Code 1102, 20113)

The district may purchase any surplus property from the federal government or any of its agencies in any quantity needed for the operation of its schools without taking estimates or advertising for bids. (Education Code 17602)

Business and Noninstructional Operations
Lease-Leaseback Contracts**

AR 3311.2(a)

The district may lease currently owned district property to any person, firm, or corporation for a minimum of \$1 per year for a term not to exceed 99 years, as long as the lease requires the person, firm, or corporation to construct a building or buildings on the property for the district's use during the lease and the property and building(s) will vest in the district at the expiration of the lease ("lease-leaseback"). (Education Code 17403, 17406)

Before the district enters into such a lease or agreement, it shall have available a site upon which a building may be constructed for use by the district, shall have complied with requirements related to the selection and approval of sites, and shall have prepared and adopted plans and specifications for the building that have been approved in accordance with Education Code 17280-17316. (Education Code 17402)

Procedures for Awarding the Contract

The district's intent to enter into a lease-leaseback contract may be described in a resolution adopted by the Governing Board which includes, but is not be limited to, a description of the available site and the building to be constructed, the amount and term of the lease, and where to obtain information about the procedures for submitting a proposal.

Any lease-leaseback contract shall be awarded through a competitive "best value" procurement process whereby a person, firm, or corporation is selected on the basis of objective criteria for evaluating the qualifications of proposers, with the resulting selection representing the best combination of price and qualifications. (Education Code 17400, 17406)

To make this determination, the district shall use the following procedures: (Education Code 17406; Public Contract Code 2600)

1. Request for Sealed Proposals: The Superintendent or designee shall prepare a request for sealed proposals which shall include:
 - a. An estimate of the project's price
 - b. A clear, precise description of any preconstruction services that may be required and the facilities to be constructed
 - c. The key elements of the contract to be awarded
 - d. A description of the format that proposals shall follow and the elements they shall contain
 - e. The standards the district will use in evaluating proposals and the qualifications of the proposers, including:
 - i. Relevant experience
 - ii. Safety record
 - iii. Price proposal, including, at the district's discretion, either a lump-sum price for the contract to be awarded or the proposer's proposed fee to perform the services requested, including the proposer's proposed fee to perform preconstruction services or any other work related to the facilities to be constructed, as requested by the district
 - iv. Whether each criterion will be evaluated on a pass-fail basis or will be scored as part of the "best value" score, and whether proposers must achieve any minimum qualification score for award of the contract
 - v. For each scored criterion, the methodology and rating or weighting system that will be used by the district in evaluating the criterion, including the weight assigned to the criterion and any minimum acceptable score
 - vi. Other factors established by the district
 - f. The date on which proposals are due
 - g. The timetable the district will follow in reviewing and evaluating proposals

Lease-Leaseback Contracts (continued)

AR 3311.2(b)

- h. A statement that the project is subject to the skilled and trained workforce requirements specified in Public Contract Code 2600-2603
2. Notice: At least 10 days before the date for receipt of the proposals, the Superintendent or designee shall give notice of the request for sealed proposals using both of the following methods:
 - a. Providing notice at least once a week for two weeks in a local newspaper of general circulation pursuant to Public Contract Code 20112
 - b. Providing notice in a trade paper of general circulation published in the county where the project is located
3. Prequalification: A proposer shall be prequalified in accordance with Public Contract Code 20111.6(b)-(m) in order to submit a proposal. Any electrical, mechanical, and plumbing subcontractors shall be subject to the same prequalification requirements.
4. Evaluation of Proposals: All proposals received shall be reviewed to determine whether they meet the format requirements and the standards specified in the request for sealed proposals. The district shall evaluate the qualifications of the proposers based solely upon the criteria and evaluation methodology set forth in the request for sealed proposals, and shall assign a best value score to each proposal. Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the district.
5. Award of Contract: The award of the contract shall be made by the Board to the responsive proposer whose proposal is determined, in writing by the Board, to be the best value to the district.

If the selected proposer refuses or fails to execute the tendered contract, the Board may award the contract to the proposer with the second highest best value score, if deemed in the best interest of the district. If that proposer then refuses or fails to execute the tendered contract, the Board may award the contract to the proposer with the third highest best value score.

Upon issuance of a contract award, the district shall publicly announce its award, identifying the entity to which the award is made, along with a statement regarding the basis of the award. The statement regarding the contract award and the contract file shall provide sufficient information to satisfy an external audit.
6. Rejection of Proposals: At its discretion, the Board may reject all proposals and request new proposals. Any lease-leaseback agreement shall be reviewed by the district's legal counsel to ensure that all required terms, including a lease term that provides for the district's occupancy of the building or improved property during the lease and an appropriate financing component, are included in the agreement.

Skilled and Trained Workforce

Prior to entering into a lease-leaseback agreement, the Superintendent or designee shall have on file the contractor's enforceable commitment that the contractor and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades. The entity may demonstrate such commitment through a project labor agreement, by becoming a party to the district's project labor agreement, or through an agreement with the district to provide evidence of compliance on a monthly basis during the performance of the project or contract. (Education Code 17407.5; Public Contract Code 2602)

Skilled and trained workforce means that all the workers performing the work are either skilled journeypersons or apprentices registered in a state-approved apprenticeship program. At least 60 percent of the skilled journeypersons employed to perform the work shall be graduates of an apprenticeship program for the applicable occupation or at least 60 percent of the hours worked by skilled journeypersons shall be performed by graduates of an apprenticeship program, with the exception of certain occupations specified in Public Contract Code 2601 which are subject to a 30 percent threshold. (Public Contract Code 2601)

Lease-Leaseback Contracts (continued)**AR 3311.2(c)**

If the contractor fails to provide the monthly report demonstrating compliance with the skilled and trained workforce requirements or provides an incomplete report, the district shall withhold further payments until a complete report is provided. If a report does not demonstrate compliance with the skilled and trained workforce requirements, the district shall withhold further payments until the contractor provides a sufficient plan to achieve substantial compliance with respect to the relevant apprenticeable occupation, prior to completion of the contract or project. In addition, the district shall forward to the Labor Commissioner a copy of the monthly report, any plan to achieve compliance, and the district's response to that plan. (Public Contract Code 2602)

Design-Build Contracts**

AR 3311.3(a)

The Governing Board may approve a contract with a single entity for both design and construction of any school facility in excess of \$1,000,000, awarding the contract to either the low bid or the best value as determined by evaluation of objective criteria. (Education Code 17250.20)

Design-build documents shall not include provisions for long-term project operations, but may include operations during a training or transition period. (Education Code 17250.25)

Procedures for Awarding the Contract

The procurement process for design-build projects shall be as follows: (Education Code 17250.25, 17250.35; Public Contract Code 2600)

1. Performance Specifications: The district shall prepare a set of documents setting forth the scope and estimated price of the project. The documents may include, but are not limited to:
 - a. The size, type, and desired design character of the project
 - b. Performance specifications that cover the quality of materials, equipment, and workmanship
 - c. Preliminary plans or building layouts
 - d. Any other information deemed necessary to describe adequately the district's needs

The performance specifications and any plans shall be prepared by a design professional who is duly licensed and registered in California.

2. Prequalification: The district shall prepare and issue a request for qualifications in order to prequalify, or develop a short list of, the design-build entities whose proposals shall be evaluated for final selection. The request for qualifications shall include, but is not limited to, all of the following elements:
 - a. Identification of the basic scope and needs of the project or contract, the expected cost range, the methodology that will be used by the district to evaluate proposals, the procedure for final selection of the design-build entity, and any other information deemed necessary by the district to inform interested parties of the contracting opportunity
 - b. Significant factors that the district reasonably expects to consider in evaluating qualifications, including technical design and construction expertise, acceptable safety record, and all other non-price-related factors
 - c. A standard template request for statements of qualifications prepared by the district, which shall contain all of the information required pursuant to Education Code 17250.25
 - d. A notice that the project is subject to the skilled and trained workforce requirements specified in Public Contract Code 2600-2603

The district also may identify specific types of subcontractors that must be included in the statement of qualifications and proposal.

3. Request for Proposals: The district shall prepare a request for proposals (RFP) that invites prequalified or short-listed entities to submit competitive sealed proposals in a manner prescribed by the district. The RFP shall include the information identified in items #2a, 2b, and 2d above and the relative importance or weight assigned to each of the factors. If the district uses a best value selection method for a project, the district may reserve the right to request proposal revisions and hold discussions and negotiations with responsive proposers, in which case the district shall so specify in the request for proposals and shall publish separately or incorporate into the request for proposals applicable procedures to be observed by the district to ensure that any discussions or negotiations are conducted in good faith.
4. Selection Based on Low Bid: For those projects utilizing low bid as the final selection method, the bidding process shall result in lump-sum bids by the prequalified or short-listed design-build entities, and the contract shall be awarded to the lowest responsible bidder.

Design-Build Contracts (continued)

AR 3311.3(b)

5. Selection Based on Best Value: For those projects utilizing best value as a selection method, the following procedures shall be used:
 - a. Competitive proposals shall be evaluated using only the criteria and selection procedures specifically identified in the request for proposals. Criteria shall be weighted as deemed appropriate by the district and shall, at a minimum, include price, unless a stipulated sum is specified; technical design and construction experience; and life-cycle costs over 15 or more years.
 - b. Following any discussions or negotiations with responsive proposers and completion of the evaluation process, the responsive proposers shall be ranked on a determination of value provided, provided that no more than three proposers are required to be ranked.
 - c. The contract shall be awarded to the responsible entity whose proposal is determined by the district to have offered the best value to the public.
 - d. The district shall publicly announce the contract award, identifying the entity to which the award is made and the basis of the award. This statement and the contract file shall provide sufficient information to satisfy an external audit.

Skilled and Trained Workforce

A design-build entity shall not be prequalified or short-listed unless the entity provides an enforceable commitment to the district that the entity and its subcontractors at every tier will use a skilled and trained workforce to perform all work on the project or contract that falls within an apprenticeable occupation in the building and construction trades. The entity may demonstrate such commitment through a project labor agreement, by becoming a party to the district's project labor agreement, or through an agreement with the district to provide evidence of compliance on a monthly basis during the performance of the project or contract. (Education Code 17250.25; Public Contract Code 2602)

Skilled and trained workforce means that all the workers performing the work are either skilled journeypersons or apprentices registered in a state-approved apprenticeship program. At least 60 percent of the skilled journeypersons employed to perform the work shall be graduates of an apprenticeship program for the applicable occupation or at least 60 percent of the hours worked by skilled journeypersons shall be performed by graduates of an apprenticeship program, with the exception of certain occupations specified in Public Contract Code 2601 which are subject to a 30 percent threshold. (Public Contract Code 2601)

If the contractor fails to provide the monthly report demonstrating compliance with the skilled and trained workforce requirements or provides an incomplete report, the district shall withhold further payments until a complete report is provided. If a report does not demonstrate compliance with the skilled and trained workforce requirements, the district shall withhold further payments until the contractor provides a sufficient plan to achieve substantial compliance with respect to the relevant apprenticeable occupation, prior to completion of the contract or project. In addition, the district shall forward to the Labor Commissioner a copy of the monthly report, any plan to achieve compliance, and the district's response to that plan. (Public Contract Code 2602)

Procurement of Technological Equipment**

AR 3311.4

Rather than seek competitive bids, the district may use competitive negotiation when it makes a finding that a district procurement is for computers, software, telecommunications equipment, microwave equipment, or other related electronic equipment and apparatus. Competitive negotiation shall not be used to contract for any product that is available in substantial quantities to the general public. (Public Contract Code 20118.2)

Whenever the competitive negotiation process is determined to be appropriate for such procurements, the district shall use the following procedures: (Public Contract Code 20118.2)

1. The Superintendent or designee shall prepare a request for proposals (RFP) that shall be submitted to an adequate number of qualified sources, as determined by the district, to permit reasonable competition consistent with the nature and requirement of the procurement.
2. Notice of the RFP shall be published at least twice in a newspaper of general circulation, at least 10 days before the date for receipt of the proposals.
3. The Superintendent or designee shall make every effort to generate the maximum feasible number of proposals from qualified sources, and shall make a finding to that effect before proceeding to negotiate if only a single response to the RFP is received.
4. The RFP shall identify all significant evaluation factors, including price, and their relative importance.
5. The Superintendent or designee shall provide reasonable procedures for the technical evaluation of the RFPs received, the identification of qualified sources, and the selection for the award of the contract.
6. The Governing Board shall award the contract to the qualified bidder whose proposal meets the evaluation standards and will be most advantageous to the district, considering price and all other factors.
7. If the Board does not award the contract to the bidder whose proposal contains the lowest price, then the Board shall make a finding setting forth the basis for the award to another bidder.
8. The Board, at its discretion, may reject all proposals and request new RFPs.

Provisions in any contract concerning utilization of small business enterprises that are in accordance with the RFP shall not be subject to negotiation with the successful proposer. (Public Contract Code 20118.2)

Board Policy
Business and Noninstructional Operations
Contracts

BP 3312(a)

The Governing Board recognizes its responsibility to enter into contracts on behalf of the district for the acquisition of equipment, supplies, services, and other resources necessary for the achievement of district goals. In exercising this authority to enter into a contract, the Board shall ensure that the district's interest is protected and that the terms of the contract conform to applicable legal standards, including the bidding requirements in Public Contract Code 20111.

The Board may, by a majority vote, delegate to the Superintendent or designee the authority to enter into contracts on behalf of the district. To be valid or to constitute an enforceable obligation against the district, all such contracts must be approved and/or ratified by the Board.

Every contract entered into on behalf of the district shall be made available for public inspection, except when the law prohibits disclosure. No contract shall prohibit a district employee from disparaging the goods or services of any contracting party.

Contracts for Non-nutritious Foods or Beverages

The district shall not enter into or renew a contract for the sale of foods or beverages that do not meet applicable nutritional standards specified in Education Code 49431-49431.7, 5 CCR 15500-15501 or 15575-15578, or 7 CFR 210.11 or 220.12, unless the contract specifies that such sale will occur off campus or outside the time restriction specified in the applicable law.

The Superintendent or designee shall develop the district's internal control procedures to protect the integrity of public funds. Such internal controls may include, but not be limited to, the following:

1. Procedures that produce accurate and reliable financial statements and, at the same time, safeguard the assets, financial resources, and integrity of every employee responsible for handling money or property. Control systems shall be systematically evaluated and revised to keep pace with the changing responsibilities of management.
2. Procedures to ensure that district personnel do not handle cash or product at the school site. The contract shall specify that the vendor stock the machines and shall provide cash accounting, along with a check, for district proceeds directly to the control office.

To ensure that funds raised by the contract benefit district schools and students:

1. The Superintendent or designee may invite parents/guardians, students, staff, and interested community members to make recommendations regarding the contract, including recommendations as to how the funds will be spent in a manner that benefits public education.
2. Prior to ratifying the contract, the Board shall designate the specific programs and activities that will be funded by the proceeds of the contract and consider how the contract reflects the district's vision and goals.
3. The contract shall specify that the contractor report, on a quarterly basis, to the Superintendent or designee the number of food items or beverages sold within the district and the amount of money raised by the sales. The Superintendent or designee shall report these amounts to the Board on a regular basis.
4. The Superintendent or designee shall ensure that the contract does not limit the ability of student and parent organizations to plan and operate fundraising activities.

Any contract for the sale or advertisement of non-nutritious foods or carbonated or non-nutritious beverages shall be entered into on a competitive bid basis pursuant to Public Contract Code 20111 or through the issuance of a Request for Proposal. (Education Code 35182.5)

The Board shall not enter into or renew any contract that grants exclusive or nonexclusive advertising or sale of carbonated beverages, non-nutritious beverages, or non-nutritious foods until parents/guardians, students, and members of the public have had an opportunity to comment on the contract at a public hearing held during a regularly scheduled Board meeting. The Board shall clearly, and in a manner recognizable to the general public, identify in the agenda the contract to be discussed at the meeting. (Education Code 35182.5.)

The public hearing shall include, but not be limited to, a discussion of the nutritional value of foods and beverages sold within the district; the availability of fresh fruit, vegetables, and grains in school meals and snacks, including locally grown and organic produce; the amount of fat, sugar, and additives in the foods and beverages discussed; and barriers to student participation in school breakfast and lunch programs. (Education Code 35182.5)

The contract shall be accessible to the public and may not include a confidentiality clause that would prevent the district or a district school from making any part of the contract public. (Education Code 35182.5)

Board Policy
Business and Noninstructional Operations
Travel Expenses

BP 3350(a)

The Governing Board recognizes that district employees may incur expenses in the course of performing their assigned duties and responsibilities. To ensure the prudent use of public funds, the Superintendent or designee shall establish rules to keep such expenses to a minimum while affording employees a reasonable level of safety and convenience.

The Board shall authorize payment for actual and necessary travel expenses incurred by any employee performing authorized services for the district, whether within or outside district boundaries. (Education Code 44032)

The Superintendent or designee shall establish procedures for the approval of travel requests and the submission and verification of expense claims. He/she also shall establish reimbursement rates in accordance with law and Board policy.

An employee shall obtain approval from the Superintendent or designee prior to traveling. The Superintendent or designee may approve travel requests in accordance with the adopted budget and upon determining that the travel is authorized or assigned by the employee's supervisor, is necessary to attend a conference or other staff development opportunity that will enhance employee performance, and/or is otherwise necessary to the performance of the employee's duties. Travel expenses not previously budgeted may be approved on a case-by-case basis by the Superintendent or designee if he/she determines that the travel is essential and that resources may be obtained or redirected for this purpose.

All out-of-state travel for which reimbursement will be claimed shall be approved in advance by the Board.

Reimbursable travel expenses may include, but are not limited to, costs of transportation, parking fees, bridge or road tolls, lodging when district business reasonably requires an overnight stay, registration fees for seminars and conferences, telephone and other communication expenses incurred on district business, and other necessary incidental expenses.

The district shall not reimburse personal travel expenses including, but not limited to, tips or gratuities, alcohol, entertainment, laundry, expenses of any family member who is accompanying the employee on district-related business, personal use of an automobile, and personal losses or traffic violation fees incurred while on district business.

Except as otherwise provided, reimbursement of travel expenses shall be based on actual expenses as documented by receipts.

Authorized employees shall be reimbursed for the use of their own private vehicles in the performance of assigned duties, on either a mileage or monthly basis as determined by the Superintendent or designee. (Education Code 44033)

The mileage allowance provided by the district for employees' use of their private vehicles shall be equal to the rate established by the Internal Revenue Service.

Vehicles should be shared whenever possible to minimize travel costs. No employee shall be entitled to reimbursement for automobile travel when he/she is transported free of charge or by another employee who is entitled to the expense reimbursement.

Any expense that exceeds the maximum rate of reimbursement established by the district shall be reimbursed only with the approval of the Superintendent or designee.

Travel Expenses (continued)

BP 3350(b)

The Superintendent or designee shall approve expense claims only upon verifying that all necessary documentation is provided and that all expenses are appropriate and related to district business. If an expense claim is disallowed due to lack of documentation or inappropriate expenses, the employee may be personally responsible for any improper costs incurred.

When approved by the Superintendent or designee, an employee may be issued a district credit card for use while on authorized district business. Receipts documenting the expenses incurred on a district credit card shall be submitted promptly following return from travel. Under no circumstances shall personal expenses be charged on a district credit card, even if the employee intends to subsequently reimburse the district for the personal charges.

When necessary, the Superintendent or designee may approve a cash advance, not to exceed the estimated out-of-pocket reimbursable expenses, to an employee authorized to travel on district business. Within 10 working days following return from travel, the employee shall submit a final accounting with all necessary supporting documentation. He/she shall refund to the district any amount of cash advance exceeding the actual approved reimbursable expenses.

Travel Expenses

AR 3350(a)

Purpose

Travel Approval

1. Travel approval and arrangements for travel must be approved in advance.
2. Employee should supply as much specific information as possible regarding the request. Attached copy of meeting, workshop or conference flyer, if possible.
3. Requests are to be submitted to the immediate supervisor and approved by the supervisor and designated management personnel.

Transportation

1. When an employee is required to travel by private vehicle, the employee will be reimbursed at the current district rate. If two or more personnel are traveling by private vehicle to the same destination, transportation should be shared. Reimbursement shall be made to the person who shares his/her private vehicle for the transportation. If shared transportation is available, and a staff person chooses to take his/her own vehicle, he/she will not be reimbursed mileage.
2. When a staff member chooses to use his /her private means of transportation to a distant meeting rather than fly, the maximum mileage reimbursement allowed shall not exceed the cost of the round trip mileage to San Diego plus the usual airfare plus related transportation costs.
3. Receipts are required to receive reimbursement for travel by commercial carriers. It is best to have the district purchase the airline tickets and have the costs charged to the appropriate account. Requisitions must be completed prior to ordering the tickets. The district will reimburse only for the cost of coach or equivalent fare.
4. Car rentals should be approved in advance unless it is an emergency. Employees may consider using rental cars for long trips if the cost would be less than the district mileage reimbursement.
5. The individual is responsible for moving and stationary vehicle violations. No reimbursement of fines/penalties will be claimed or paid.

Lodging

1. Lodging reimbursement is approved for out-of-county travel only. Receipts are required for reimbursement.
2. When more than one person or several employees attend, rooms should be shared by at least two persons.
3. When an employee's spouse (who is not an employee) shares a room, the district will reimburse the employee the rate for single occupancy. The receipt should be endorsed to specify the single occupancy rate.

Per Diem Meals and Incidentals

When a meal is included as part of a package, such as with registration of a meeting or an in-flight meal on an airline, that part of the per-diem coverage shall not be allowed, provided that the package was reimbursed by the district. All meals that are part of a conference program should be paid for with registration. Receipts are required for costs of registration.

Travel Expenses (continued)

AR 3350(b)

1. To qualify for per-diem meal allowance, travel must be overnight and out-of-county. The per-diem rate will be adjusted annually to reflect the current IRS per-diem rate for San Diego County. In the event that the San Diego County per-diem rate exceeds the IRS allowable rate for place of travel, the per-diem rate will be adjusted downward accordingly.
2. The time periods covered for per diem allowance will be divided into three parts as follows:

<u>Period</u>	<u>Time Span Covered</u>
Breakfast	6:00 a.m. - 12:00 p.m.
Lunch	12:00 p.m. - 6:00 p.m.
Dinner	6:00 p.m. - 6:00 a.m.
3. The per-diem rate shall be pro-rated for the day of departure and the day of return. For example, if departing after 6:00 a.m., breakfast per-diem will not be allowed.

Out-of State Travel

Requests for out-of-state travel are submitted in the same manner as all other requests and each request will be considered on its own merits. Out-of-State travel requests must be approved, in advanced, by the governing board.

Incidentals

Incidentals are included in the per-diem. They are defined by Federal guidelines to include laundry, dry cleaning, fees and tips for services. All costs associated with transportation (e.g. shuttles, taxis, parking) are reimbursable on a substantiation basis (i.e. receipts required).

Travel Expense Claim

Claims should be submitted promptly after the claim is incurred. All supportive documents as well as any additional information that would be helpful in processing the claim should be attached.

Travel expense claims shall be submitted to the business office within 30 days of return, or the claims may be subject to disqualification for reimbursement. Such late claims will only be paid upon authorization of the superintendent.

Student Activity Funds

BP 3452(a)

The Governing Board recognizes that student organizations can provide students with an opportunity to conduct worthwhile cocurricular activities while helping students learn about effective financial practices and develop leadership and management skills. To that end, the Board may approve the formation of associated student body organizations which are composed entirely of students, operate under the oversight of the principal or other district- employed advisor, and are subject to the control and regulation of the Board. Student organizations may raise and spend funds to support activities that promote the general welfare, morale, and educational experiences of the student body.

Fundraising

At the beginning of each school year, each principal or designee shall submit to the Superintendent or designee a list of the fundraising events that each student organization proposes to hold that year. The Superintendent or designee shall review the proposed events and determine whether the events contribute to the educational experience and do not conflict with or detract from the school's educational program. When reviewing proposed events, the Superintendent or designee shall consider the effects of the activities on student health and safety, evaluate the risk of liability to the district, and ensure that the proposed activities are in compliance with law, Board policy, and administrative regulation.

Fundraising events that involve the sale of food and/or beverages shall comply with applicable state and/or federal nutrition standards and BP/AR 3554 - Other Food Sales. If the fundraising event involves the sale of noncompliant food and/or beverages, it shall not take place from midnight until at least one-half hour after the end of the school day, or not be conducted on school premises.

Management and Reporting of Funds

Student body funds shall be managed in accordance with law, regulations, Board policies, and sound business procedures designed to encourage the largest possible educational return to students without sacrificing the security of funds.

The Superintendent or designee shall develop internal control procedures to safeguard the organization's assets, promote the success of fundraising ventures, provide reliable financial information, protect employees and volunteers from accusations of impropriety, and reduce the risk and promote the detection of fraud and abuse. These procedures shall detail the oversight of activities and funds including, but not limited to, the appropriate role and provision of training for staff and students, parameters for events on campus, appropriate and prohibited uses of funds, and accounting and record-keeping processes, including procedures for handling questionable expenditures.

The principal or designee shall be responsible for the proper conduct of all student organization financial activities. The budget adopted by the student body organization should serve as the financial plan for the school year and shall be submitted to the Superintendent or designee at the beginning of each school year. The Superintendent or designee shall monitor the budget and periodically review the organization's use of funds to ensure compliance with the district's internal control procedures.

Funds derived from the student body shall be expended according to procedures established by the student organization. All expenditures must be approved by a Board-designated employee or official, the certificated employee who is the designated student organization advisor, and a student organization representative. (Education Code 48933)

When student body funds are expended for equipment, supplies, or activities that support the district's athletic program, the Superintendent or designee shall ensure that the expenditures are aligned with the district's commitment to provide equitable opportunities for males and females.

Student Activity Funds (continued)**BP 3452(b)**

Because of the district's administrative and/or direct financial involvement in the assets of the student organization, the student activity fund shall be reported within the district's fund in accordance with Governmental Accounting Standards Board Statement 84.

The Board shall provide an annual audit of student organization accounts by a certified public accountant or licensed public accountant. The cost of the audit shall be paid from district funds. (Education Code 41020)

He/she shall establish a system of ongoing internal controls to ensure the reliability of financial reporting.

When required by law or the Board, the Superintendent or designee shall submit to the Board reports of the district's financial status, including, but not limited to, any report specified in this Board policy or accompanying administrative regulation. When any such report must be approved by the Board prior to its submission to a local, state, and/or federal agency, the Superintendent or designee shall provide the report to the Board in sufficient time to enable the Board to carefully review the report and meet any applicable submission deadline.

The Board shall regularly communicate the district's financial position to the public and shall use financial reports to determine what actions and budget amendments, if any, are needed to ensure the district's financial stability.

If district conditions predict fiscal distress or indicate that the district might not be able to meet its fiscal obligations, the Board and Superintendent or designee shall act quickly to identify and resolve these conditions. The Board shall work cooperatively with the County Superintendent of Schools to improve the district's fiscal health and may contract with an external individual or organization to advise the district on fiscal matters.

Unaudited Actual Receipts and Expenditures

On or before September 15, the Board shall approve and file with the County Superintendent a statement of the district's unaudited actual receipts and expenditures for the preceding fiscal year. The Superintendent or designee shall prepare this statement using the state's standardized account code structure (SACS) as prescribed by the Superintendent of Public Instruction (SPI). (Education Code 42100)

Gann Appropriations Limit Resolution

On or before September 15, the Board shall adopt a resolution identifying, pursuant to Government Code 7900-7914, the district's estimated appropriations limit for the current fiscal year and the actual appropriations limit for the preceding fiscal year. Documentation used to identify these limits shall be made available to the public on the day of the Board meeting. (Education Code 42132; Government Code 7910)

Interim Reports/Certification of Ability to Meet Fiscal Obligations

The Superintendent or designee shall submit two interim fiscal reports to the Board, the first report covering the district's financial and budgetary status for the period ending October 31 and the second report covering the period ending January 31. The reports and supporting data shall be made available by the district for public review. (Education Code 42130)

Within 45 days after the close of the period reported, the Board shall approve the interim report and certify, on the basis of the interim report and any additional financial information known by the Board, whether the district will be able to meet its fiscal obligations for the remainder of the fiscal year and, based on current forecasts, for the two subsequent fiscal years. The certification shall be classified as one of the following: (Education Code 42130, 42131)

1. "Positive certification" indicating that the district will meet its financial obligations for the current fiscal year and two subsequent fiscal years
2. "Qualified certification" indicating that the district may not meet its financial obligations for the current fiscal year or two subsequent fiscal years
3. "Negative certification" indicating that the district will be unable to meet its financial obligations for the remainder of the fiscal year or the subsequent fiscal year

The Superintendent or designee shall submit a copy of each interim report and certification to the County Superintendent using the state's SACS software, as prescribed by the SPI. (Education Code 42130, 42131)

If the district's certification is subsequently changed by the County Superintendent from a positive to a qualified or negative certification, or from a qualified to a negative certification, the Board may appeal the decision to the SPI within five days of receiving the notice of change. (Education Code 42131)

Whenever the district receives a qualified or negative certification from the Board or the County Superintendent, the Superintendent or designee shall cooperate in the implementation of any remedial actions taken or prescribed by the County Superintendent under the authority granted to him/her pursuant to Education Code 42131.

If the second interim report is accompanied by a qualified or negative certification, the Board shall, no later than June 1, provide to the County Superintendent, the State Controller, and the SPI a financial statement as of April 30 ("third interim report") that projects the district's fund and cash balances through June 30. (Education Code 42131)

At any time during the year when the County Superintendent conducts a comprehensive review of the district's financial and budgetary conditions after he/she has determined that the district's budget does not comply with state criteria and standards for fiscal stability, the Board shall review the County Superintendent's recommendations at a public Board meeting. Within 15 days of receiving the report, the district shall notify the County Superintendent and the SPI of its proposed actions on the recommendation. (Education Code 42637)

Audit Report

Pursuant to Education Code 41020, if the district has a disapproved budget, has received a negative certification on any budget or interim fiscal report during the current fiscal year or either of the two preceding fiscal years, or has otherwise been determined by the County Superintendent to have a lack of going concern, any contract the district enters into for auditing services must be approved by the County Superintendent.

By April 1 of each year, the Board shall provide for an annual audit of the district's books and accounts. (Education Code 41020)

To conduct the audit, the Board shall select a certified public accountant or public accountant licensed by the State Board of Accountancy from among those deemed qualified by the State Controller. (Education Code 41020, 41020.5)

The Board shall not select any public accounting firm to provide audit services if the lead or coordinating audit partner having primary responsibility for the audit, or the audit partner responsible for reviewing the audit, has performed audit services for the district in each of the six previous fiscal years. (Education Code 41020)

No later than December 15, the report of the audit for the preceding fiscal year shall be filed with the County Superintendent, the CDE, and the State Controller. (Education Code 41020)

Prior to December 15 whenever possible, but in no case later than January 31, the Board shall review, at an open meeting, the annual district audit for the prior year, any audit exceptions identified in that audit, the recommendations or findings of any management letter issued by the auditor, and any description of correction or plans to correct any exceptions or any issue raised in a management letter. (Education Code 41020.3)

The Board shall have an opportunity at the meeting to ask questions of the auditor and request further information about the audit findings.

Audit Committee

The Board may appoint an audit committee composed of staff knowledgeable about fiscal matters, other staff, and representatives of the community.

The committee shall serve in an advisory capacity and may:

1. Make recommendations regarding the selection of the external independent auditor in accordance with Education Code 41020 and 41020.5
2. Review the plan for the audit process with the independent auditor to determine the adequacy of the nature, scope, and timetable of the audit
3. Review the results of the audit and participate with the independent auditor and management in preparing final recommendations and responses
4. Participate with the independent auditor in presenting the audit report to the Board
5. Review Board policies and administrative regulations to recommend any revisions needed to ensure effective financial reporting
6. Provide input on the effectiveness of the independent auditor
7. Periodically report to the Board regarding the status of previous audit recommendations for improving the accounting and internal control systems

Interim Reports

Each interim fiscal report developed pursuant to Education Code 42130 shall include an assessment of the district budget as revised to reflect current information regarding the adopted state budget, district property tax revenues, if any, and ending balances for the preceding fiscal year. (Education Code 42130, 42131)

The interim reports shall be based on State Board of Education (SBE) criteria and standards which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected local control funding formula (LCFF) revenue, salaries and benefits, other revenues and expenditures, and facilities maintenance. For purposes of assessing projections of LCFF revenue, the first interim report shall be compared to the adopted district budget, and the second interim report shall be compared to the projections in the first interim report. (Education Code 42130; 5 CCR 15453-15464)

The report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions (i.e., projected contributions from unrestricted general fund resources to restricted general fund resources, projected transfers to or from the general fund to cover operating deficits in the general fund or any other fund, and capital project cost overruns that may impact the general fund budget), long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds. (Education Code 42130; 5 CCR 15453, 15464)

Audit Report

The Superintendent or designee shall establish a timetable for the completion and review of the annual audit within the deadlines established by law.

The Superintendent or designee shall provide the necessary financial records and cooperate with the auditor selected by the Governing Board to ensure that the audit report contains all information required by law and the Governmental Accounting Standards Board (GASB).

The audit shall include an audit of income and expenditures by source of funds for all funds of the district, including the student body and cafeteria funds and accounts, state and federal grant funds, and any other funds under the control or jurisdiction of the district, as well as an audit of student attendance procedures. The audit shall also include a determination of whether LCFF funds were expended in accordance with the district's local control and accountability plan or an approved annual update of the plan. (Education Code 41020)

If an audit finding results in the district being required to repay an apportionment or pay a penalty, the district may appeal the finding to the Education Audit Appeals Panel by making an informal summary appeal within 30 days of receiving the final audit report or initiating a formal appeal within 60 days of receiving the report. (Education Code 41344, 41344.1)

While a public accounting firm is performing the audit of the district, it shall not provide any nonauditing, management, or other consulting services for the district except as provided in Government Auditing Standards, Amendment #3, published by the U.S. Government Accountability Office. (Education Code 41020)

Report on Expenditures of State Facilities Funds

When the district participates in the school facilities program pursuant to Education Code 17070.10-17079.30, the Superintendent or designee shall annually report a detailed list of all expenditures of state facilities funds, including interest, and of the district's matching funds for completed projects until all such funds are expended. The report shall identify expenditures on a project-by-project basis, reflect completed projects that were reimbursed within that fiscal year, and clearly indicate the list of projects that have been completed. (Education Code 41024; 2 CCR 1859.104)

Financial Reports and Accountability (continued)

AR 3460(b)

Audits of facilities projects shall be concluded within one year of project completion, and shall be included as part of the district's audit for the fiscal year in which the project is reported as completed. A project shall be deemed completed when any of the following conditions is met: (Education Code 41024; 2 CCR 1859.104)

1. When the notice of completion for the project has been filed, all outstanding invoices, claims, and change orders have been satisfied, and the facility is currently in use by the district
2. Three years from the date of the final fund release for an elementary school project
3. Four years from the date of the final fund release for a middle or high school project

Fund Balance

In accordance with GASB Statement 54, external financial reports shall report fund balances in the general fund within the following classifications based on the relative strength of constraints placed on the purposes for which resources can be used:

1. Nonspendable fund balance, including amounts that are not expected to be converted to cash, such as resources that are not in a spendable form or are legally or contractually required to be maintained intact
2. Restricted fund balance, including amounts constrained to specific purposes by their providers or by law
3. Committed fund balance, including amounts constrained to specific purposes by the Board
4. Assigned fund balance, including amounts which the Board or its designee intends to use for a specific purpose
5. Unassigned fund balance, including amounts that are available for any purpose

Negative Balance Report

Whenever the district reports a negative unrestricted fund balance or a negative cash balance in its annual budget or annual audit report, it shall include in the budget a statement that identifies the reasons for the negative unrestricted fund balance or negative cash balance and the steps that have been taken to ensure that the negative balance will not occur at the end of the current fiscal year. (Education Code 42127.5)

Non-Voter-Approved Debt Report

Upon approval by the Board to proceed with the issuance of revenue bonds or any agreement for financing school construction pursuant to Education Code 17170-17199.5, the Superintendent or designee shall notify the County Superintendent of Schools and the county auditor. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with related repayment schedules and evidence of the district's ability to repay the obligation. (Education Code 17150)

When the Board is considering the issuance of certificates of participation and other debt instruments that are secured by real property and do not require the approval of the voters of the district, the Superintendent or designee shall provide notice to the County Superintendent and county auditor no later than 30 days before the Board's approval to proceed with issuance. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with information necessary to assess the anticipated effect of the debt issuance, including related repayment schedules, evidence of the district's ability to repay the obligation, and the issuance costs. (Education Code 17150.1)

Financial Reports and Accountability (continued)

AR 3460(c)

Other Postemployment Benefits Report

In accordance with GASB Statement 75, the district's financial statements shall report the expense of nonpension other postemployment benefits (OPEBs) on an accrual basis over retirees' active working lifetime, as determined by a qualified actuary procured by the Superintendent or designee. To the extent that these OPEBs are not prefunded, the district shall report a liability on its financial statements.

The Superintendent or designee shall annually present the estimated accrued but unfunded cost of OPEBs and the actuarial report upon which those costs are based at a public meeting of the Board. (Education Code 42140)

The district's financial obligation for OPEBs shall be reevaluated every two years in accordance with GASB 75.

Workers' Compensation Claims Report

The Superintendent or designee shall annually provide the Board, at a public meeting, information and related actuarial reports showing the estimated accrued but unfunded cost of workers' compensation claims. The estimate of costs shall be based on an actuarial report completed at least every three years by a qualified actuary. (Education Code 42141)

**Board Policy
Business and Noninstructional Operations
Debt Issuance and Management**

BP 3470(a)

The Governing Board is committed to long-term capital and financial planning and recognizes that the issuance of debt is a key source for funding the improvement and maintenance of school facilities and managing cash flow. Any debt issued by the district shall be consistent with law and this policy.

The district shall not enter into indebtedness or liability that in any year exceeds the income and revenue provided for such year, unless two-thirds of the voters approve the obligation or one of the exceptions specified in law applies. (California Constitution, Article 16, Section 18)

When the Board determines that it is in the best interest of the district, the Board may issue debt or order an election to issue debt. The Superintendent or designee shall make recommendations to the Board regarding appropriate financing methods for capital projects or other projects that are authorized purposes for debt issuance. When approved by the Board and/or the voters as applicable, the Superintendent or designee shall administer and coordinate the district's debt issuance program and activities, including the timing of issuance, sizing of issuance, method of sale, structuring of the issue, and marketing strategies.

The Superintendent or designee shall retain a financial advisor, municipal advisor, investment advisor, and other financial services professionals as needed to assist with the structuring of the debt issuance and to provide general advice on the district's debt management program, financing options, investments, and compliance with legal requirements. Contracts for services provided by such advisors may be for a single transaction or for multiple transactions, consistent with the contracting requirements in Education Code 17596. In the event that the district issues debt through a negotiated sale, underwriters may be selected for multiple transactions if multiple issuances are planned for the same project. In addition, the district shall select a legal team on an as-needed basis to assist with debt issuances or special projects.

Goals

The district's debt issuance activities and procedures shall be aligned with the district's vision and goals for providing adequate facilities and programs that support student learning and well-being. When issuing debt, the district shall ensure that it:

1. Maintains accountability for the fiscal health of the district, including prudent management and transparency of the district's financing programs
2. Attains the best possible credit rating for each debt issue in order to reduce interest costs, within the context of preserving financial flexibility and meeting capital funding requirements
3. Takes all practical precautions and proactive measures to avoid any financial decision that will negatively impact current credit ratings on existing or future debt issues
4. Maintains effective communication with rating agencies and, as appropriate, credit enhancers such as bond insurers or other providers of credit or liquidity instruments in order to enhance the creditworthiness, liquidity, or marketability of the debt
5. Monitors the district's statutory debt limit in relation to assessed valuation within the district and the tax burden needed to meet long-term debt service requirements
6. When determining the timing of debt issuance, considers market conditions, cash flows associated with repayment, and the district's ability to expend the obtained funds in a timely, efficient, and economical manner consistent with federal tax laws
7. Determines the amortization (maturity) schedule which will fit best within the overall debt structure of the district at the time the new debt is issued
8. Considers the useful lives of assets funded by the debt issue, as well as repair and replacement costs of those assets to be incurred in the future

9. Preserves the availability of the district's general fund for operating purposes and other purposes that cannot be funded by the issuance of voter-approved debt
10. Meets the ongoing obligations and accountability requirements associated with the issuance and management of debt under state and federal tax and securities laws

Authorized Purposes for the Issuance of Debt

The district may issue debt for any of the following purposes:

1. To pay for the cost of capital improvements, including acquiring, constructing, reconstructing, rehabilitating, replacing, improving, extending, enlarging, and/or equipping district facilities
2. To refund existing debt
3. To provide for cash flow needs

Pursuant to Government Code 53854, general operating costs, including, but not limited to, items normally funded in the district's annual operating budget, shall not be financed from debt payable later than 15 months from the date of issuance. The district may deem it desirable to finance cash flow requirements under certain conditions so that available resources better match expenditures within a given fiscal year. To satisfy both state constitutional and statutory constraints, such cash flow borrowing shall be payable from taxes, income, revenue, cash receipts, and other moneys attributable to the fiscal year in which the debt is issued.

Authorized Types of Debt

The Superintendent or designee shall recommend to the Board potential financing method(s) that result in the highest benefit to the district, with the cost of staff and consultants considered. Potential financing sources may include:

1. Short-Term Debt
 - a. Short-term debt, such as tax and revenue anticipation notes (TRANS), when necessary to allow the district to meet its cash flow requirements (Government Code 53850-53858)
 - b. Bond anticipation notes (BANs) to provide interim financing for capital bond projects that will ultimately be paid from general obligation bonds (Education Code 15150)
 - c. Grant anticipation notes (GANs) to provide interim financing pending the receipt of grants and/or loans from the state or federal government that have been appropriated and committed to the district (Government Code 53859-53859.08)
2. Long-Term Debt
 - a. General obligation bonds for projects approved by voters (California Constitution, Article 13A, Section 1; Education Code 15100-15262, 15264-15276; Government Code 53506-53509.5)
 - b. Special tax bonds issued pursuant to the Mello-Roos Community Facilities Act of 1982 (Government Code 53311-53368.3)
3. Lease financing, including certificates of participation (COPs)
 - a. Lease financing to fund the highest priority capital equipment purchases when pay-as-you-go financing is not feasible (Education Code 17450-17453.1)
 - b. Lease financing to fund facilities projects when there is insufficient time to obtain voter approval or in instances where obtaining voter approval is either not feasible or unavailable (Education Code 17400-17429)

4. Special financing programs or structures offered by the federal or state government, such as Qualified Zone Academy Bonds or other tax credit obligations or obligations that provide subsidized interest payments, when the use of such programs or structures is determined to result in sufficiently lower financing costs compared to traditional tax-exempt bonds and/or COPs
 5. Temporary borrowing from other sources such as the County Treasurer
- COPs, TRANs, revenue bonds, or any other non-voter approved debt instrument shall not be issued by the district in any fiscal year in which the district has a qualified or negative certification, unless the County Superintendent of Schools determines, pursuant to criteria established by the Superintendent of Public Instruction, that the district's repayment of that indebtedness is probable. (Education Code 42133)

Relationship of Debt to District Facilities Program and Budget

Decisions regarding the issuance of debt for the purpose of financing capital improvement shall be aligned with current needs for acquisition, development, and/or improvement of district property and facilities as identified in the district's facilities master plan or other applicable needs assessment, the projected costs of those needs, schedules for the projects, and the expected resources.

The cost of debt issued for major capital repairs or replacements shall be evaluated against the potential cost of delaying such repairs and/or replacing such facilities.

When considering a debt issuance, the Board and the Superintendent or designee shall evaluate both the short-term and long-term implications of the debt issuance and additional operating costs associated with the new projects involved. Such evaluation may include, but is not limited to, the projected ratio of annual debt service to the tax burden on the district's taxpayers and the ratio of annual debt service secured by the general fund to general fund expenditures.

The district may enter into credit enhancement agreements such as municipal bond insurance, surety bonds, letters of credit, and lines of credit with commercial banks, municipal bond insurance companies, or other financial entities when their use is judged to lower borrowing costs, eliminate restrictive covenants, or have a net economic benefit to the financing.

Structure of Debt Issues

The district shall consider the overall impact of the current and future debt burden of the financing when determining the duration of the debt issue.

The district shall design the financing schedule and repayment of debt so as to take best advantage of market conditions, ensure cost effectiveness, provide flexibility, and, as practical, recapture or maximize its debt capacity for future use. Principal amortization will be structured to meet debt repayment, tax rate, and flexibility goals.

For new money debt issuances for capital improvements, the district shall size the debt issuance with the aim of funding capital projects as deemed appropriate by the Board, as long as the issuance is consistent with the overall financing plan, does not exceed the amount authorized by voters, and, unless a waiver is sought and received from the state, will not cause the district to exceed the limitation on debt issuances specified in the California Constitution or Education Code 15106.

To the extent practicable, the district shall also consider credit issues, market factors, and tax law when sizing the district's bond issuance. The sizing of refunding bonds shall be determined by the amount of money that will be required to cover the principal of, any accrued interest on, and any redemption premium for the debt to be paid on the call date and to cover appropriate financing costs.

Any general obligation bond issued by the district shall mature within 40 years of the issuance date or as otherwise required by law. (California Constitution, Article 16, Section 18; Government Code 53508.6)

The final maturity of equipment or real property lease obligations will be limited to the useful life of the assets to be financed but, with respect to a lease purchase of equipment, no longer than a period of 10 years. (Education Code 17452)

Method of Sale

For the sale of any district-issued debt, the Superintendent or designee shall recommend the method of sale with the potential to achieve the lowest financing cost and/or to generate other benefits to the district. Potential methods of sale include:

1. A competitive bidding process through which the award is based on, among other factors, the lowest offered true interest cost
2. Negotiated sale, subject to approval by the district to ensure that interest costs are in accordance with comparable market interest rates
3. Private placement sale, when the financing can or must be structured for a single or limited number of purchasers or where the terms of the private placement are more beneficial to the district than either a negotiated or competitive sale

Investment of Proceed

The district shall actively manage the proceeds of debt issued for public purposes in a manner that is consistent with state law governing the investment of public funds and with the permitted securities covenants of related financing documents executed by the district. Where applicable, the district's official investment policy and legal documents for a particular debt issuance shall govern specific methods of investment of bond-related proceeds. Preservation of principal shall be the primary goal of any investment strategy, followed by the availability of funds and then by return on investment.

With regard to general obligation bonds, the district shall invest new money bond proceeds in the county treasury pool as required by law. (Education Code 15146)

The management of public funds shall enable the district to respond to changes in markets or changes in payment or construction schedules so as to ensure liquidity and minimize risk.

Refunding/Restructuring

The district may consider refunding or restructuring outstanding debt if it will be financially advantageous or beneficial for debt repayment and/or structuring flexibility. When doing so, the district shall consider the maximization of the district's expected net savings over the life of the debt issuance and, when using a general obligation bond to refund an existing bond, shall ensure that the final maturity of the refunding bond is no longer than the final maturity of the existing bond.

Internal Controls

The Superintendent or designee shall establish internal control procedures to ensure that the proceeds of any debt issuance are directed to the intended use. Such procedures shall assist the district in maintaining the effectiveness and efficiency of operations, properly expending funds, reliably reporting debt incurred by the district and the use of the proceeds, complying with all laws and regulations, preventing fraud, and avoiding conflict of interest.

The district shall be vigilant in using bond proceeds in accordance with the stated purposes at the time such debt was incurred as defined in the text of the voter-approved bond measure. (Government Code 53410)

When feasible, the district shall issue debt with a defined revenue source in order to preserve the use of the general fund for general operating purposes.

The district shall annually conduct a due diligence review to ensure its compliance with all ongoing obligations applicable to issuers of debt. Such a review may be conducted by general legal counsel or bond counsel. Any district personnel involved in conducting such reviews shall receive periodic training regarding their responsibilities.

In addition, the Superintendent or designee shall ensure that the district completes, as applicable, all performance and financial audits that may be required for any debt issued by the district, including disclosure requirements applicable to a particular transaction.

Records/Reports

At least 30 days prior to the sale of any debt issue, the Superintendent or designee shall submit a report of the proposed issuance to the California Debt and Investment Advisory Commission (CDIAC). Such report shall include a self-certification that the district has adopted a policy concerning the use of debt that complies with law and that the contemplated debt issuance is consistent with that policy. (Government Code 8855)

On or before January 31 of each year, the Superintendent or designee shall submit a report to the CDIAC regarding the debt authorized, the debt outstanding, and the use of proceeds of the issued debt for the period from July 1 to June 30. (Government Code 8855)

The Superintendent or designee shall provide initial and any annual or ongoing disclosures required by 17 CFR 240.10b-5 and 240.15c2-12 to the Municipal Securities Rulemaking Board, investors, and other persons or entities entitled to disclosure, and shall ensure that the district's disclosure filings are updated as needed.

The Superintendent or designee shall maintain transaction records of decisions made in connection with each debt issuance, including the selection of members of the financing team, the structuring of the financing, selection of credit enhancement products and providers, and selection of investment products. Each transaction file shall include the official transcript for the financing, interest rates and cost of issuance on the day when the debt was sold ("final number runs"), and a post-pricing summary of the debt issue. In addition, documentation evidencing the expenditure of proceeds, the use of debt-financed property by public and private entities, all sources of payment or security for the debt, and investment of proceeds shall be kept for as long as the debt is outstanding, plus the period ending three years after the financial payment date of the debt or the final payment date of any obligations or series of bonds issued to refund directly or indirectly all of any portion of the debt, whichever is later.

The Superintendent or designee shall annually report to the Board regarding debts issued by the district, including information on actual and projected tax rates, an analysis of bonding capacity, ratings on the district's bonds, market update and refunding opportunities, new development for California bond financings, and the district's compliance with post-issuance requirements.

The Superintendent or designee shall ensure that the district complies with storm water discharge standards specified by any applicable General Permit coverage required by law, including all requirements of the Construction General Permit issued by the State Water Resources Control Board for any project that disturbs one acre or more of soil. (40 CFR 122.34).

The Superintendent or designee shall develop a storm water management plan that complies with the provisions of the applicable permit and describes best management practices, design strategies, measurable goals, and timetables for implementation. The plan and a resolution authorizing its implementation shall be submitted to the Board for approval. (40 CFR 122.34)

For all projects, the district shall comply with any city or county ordinance that regulates drainage improvements and conditions. (Government Code 53097)

Emergency Interruption of Services

The Superintendent or designee shall develop a plan to minimize disruption to the educational program in the event of power outages or other emergency interruption of utility services. The plan shall include actions to be taken to facilitate student and staff safety, administrative control of operations, protection of equipment, effective communications, and coordination with local fire, police, and emergency personnel and utility service providers.

Cellular Phone Reimbursement**

AR 3513.1

When a district employee's position requires frequent use of a cell phone, the Superintendent or designee shall provide either a cell phone for the employee's use or an allowance to the employee for the business use of his/her personally owned cell phone, whichever is the most cost-effective. In determining whether an employee's position requires frequent use of a cell phone, the factors to be considered shall include, but not be limited to, whether the job responsibilities require:

1. An ability to communicate frequently but access to a district landline is not readily available
2. An ability to communicate immediately to ensure the safety of district staff and students or the security of district property
3. A level of accessibility which is impossible because of the employee's frequent job-related absence from the worksite

When an employee is paid an allowance for the use of his/her personally owned cell phone for district business, the Superintendent or designee shall, from time to time, verify that the employee's cell phone contract is active.

The Superintendent or designee shall develop a system for reviewing employees' use of district-owned cell phones and the reimbursement of costs for employees' business-related use of their personal cell phones. Employees shall be responsible for fees and charges associated with any misuse or overuse not attributable to district business.

If the Superintendent or designee determines that an employee no longer needs a cell phone or other mobile communications device to perform his/her job responsibilities, any fees or charges associated with cancellation of the service contract shall be the responsibility of the district.

Any employee who is not provided an allowance or a district-owned cell phone may be reimbursed for the actual expenses of business-related calls made on his/her personally owned cell phone, in accordance with the district's expense reimbursement procedures.

Any written joint use agreement governing community use of district facilities or grounds shall include notice of the district's tobacco-free schools policy and consequences for violations of the policy.

Smoking means inhaling, exhaling, burning, or carrying of any lighted or heated cigar, cigarette, pipe, tobacco, or plant product intended for inhalation, whether natural or synthetic, in any manner or form, and includes the use of an electronic smoking device that creates aerosol or vapor or of any oral smoking device for the purpose of circumventing the prohibition of smoking. (Business and Professions Code 22950.5; Education Code 48901)

Tobacco products include: (Business and Professions Code 22950.5; Education Code 48901)

2. An electronic device that delivers nicotine or other vaporized liquids to the person inhaling from the device, including, but not limited to, an electronic cigarette, cigar, pipe, or hookah
3. Any component, part, or accessory of a tobacco product, whether or not sold separately

This policy does not prohibit the use or possession of prescription products and other cessation aids that have been approved by the U.S. Department of Health and Human Services, Food and Drug Administration, such as nicotine patch or gum.

Smoking or use of any tobacco-related product or disposal of any tobacco-related waste is prohibited within 25 feet of any playground, except on a public sidewalk located within 25 feet of the playground. In addition, any form of intimidation, threat, or retaliation against a person for attempting to enforce this policy is prohibited. (Health and Safety Code 104495)

Environmental Safety

BP 3514(a)

The Governing Board recognizes its obligation to provide a safe and healthy environment at school facilities for students, staff, and community members. The Superintendent or designee shall regularly assess school facilities to identify environmental health risks and shall develop strategies to prevent and/or mitigate environmental hazards. He/she shall consider the proven effectiveness of various options, anticipated short-term and long-term costs and/or savings to the district, and the potential impact on staff and students, including the impact on student achievement and attendance.

Such strategies shall focus on maximizing healthy indoor air quality; monitoring the quality of outdoor air and adjusting outdoor activities as necessary; reducing exposure to vehicle emissions; minimizing exposure to lead and mercury; reducing the risk of unsafe drinking water; inspecting and properly abating asbestos; appropriately storing, using, and disposing of potentially hazardous substances; using effective least toxic pest management practices; reducing the risk of foodborne illness; and addressing any other environmental hazards identified during facilities inspections.

In developing strategies to promote healthy school environments, the Superintendent or designee may consult and collaborate with local environmental protection agencies, health agencies, water boards, and other community organizations.

The Superintendent or designee shall provide the district's maintenance and facilities staff, bus drivers, food services staff, teachers, and other staff as appropriate with professional development regarding their responsibilities in implementing strategies to improve and maintain environmentally safe and healthy schools.

The Superintendent or designee shall notify the Board, staff, parents/guardians, students, and/or governmental agencies, as appropriate, if an environmental hazard is discovered at a school site. The notification shall provide information about the district's actions to remedy the hazard and may recommend health screening of staff and students.

**Administrative Regulation
Business and Noninstructional Operations
Environmental Safety**

AR 3514(a)

The Superintendent may designate and train one or more employees to oversee and coordinate the district's environmental safety program(s). The responsibilities of the coordinator(s) shall include, but are not limited to, overseeing assessments of district facilities, recommending strategies for the prevention and mitigation of environmental health risks, ensuring effective implementation of environmental safety strategies, and reporting to the Superintendent regarding the district's progress in addressing environmental safety concerns.

Indoor Air Quality

In order to provide proper ventilation, humidity, and temperature in school facilities and to reduce indoor air contaminants, the following strategies shall be implemented:

1. Mechanically driven heating, ventilation, and air conditioning systems shall be operated continuously during working hours except under the circumstances specified in 8 CCR 5142. The systems shall be inspected at least annually and problems corrected within a reasonable time. Where the air supply is filtered, the filters shall be replaced or cleaned regularly to prevent significant reductions in airflow. Documentation of inspections, tests of ventilation rates, and maintenance shall be retained for at least five years. (8 CCR 5142-5143)

Staff shall ensure that airflow is not obstructed by the blocking of ventilators with posters, furniture, books, or other obstacles.

2. School facilities shall be regularly inspected for water damage, spills, leaks in plumbing and roofs, poor drainage, and improper ventilation so as to preclude the buildup of mold and mildew and prevent accidents due to unsafe conditions. Wet building materials and furnishings shall be dried within 48 hours if possible to prevent mold growth. When evidence of mold or mildew is found, maintenance staff shall locate and repair the source of water intrusion and remove or clean moldy materials.
3. Exterior wall and foundation cracks and openings shall be sealed as soon as possible to minimize seepage of radon into buildings from surrounding soils.
4. Least toxic pest management practices shall be used to control and manage pests at school sites. (Education Code 17608-17614; Food and Agriculture Code 13182)
5. A carbon monoxide detector or alarm shall be installed in all school buildings that contain a fuel-burning appliance, fireplace, or forced-air furnace, unless otherwise exempted by state law or regulations. The device or alarm shall be located in close proximity to the appliance in order to accurately detect and alert school personnel of any leakage of carbon monoxide. (24 CCR 915.1-915.7)
6. Schedules and practices for routine housekeeping and maintenance shall be designed to effectively reduce levels of dust, dirt, and debris. Plain water, soap and water, or low-emission cleaning products shall be used whenever possible. Aerosols, including air fresheners and other products containing ozone, shall be avoided to the extent possible.
7. Painting of school facilities and maintenance or repair activities that require the use of potentially harmful substances shall be limited to those times when school is not in session. Following any such activity, the facility shall be properly ventilated with adequate time allowed prior to reopening for use by any person.
8. Paints, adhesives, and solvents shall be used and stored in well-ventilated areas. These items shall be purchased in small quantities to avoid storage exposure.
9. To the extent possible, printing and duplicating equipment that may generate indoor air pollutants, such as methyl alcohol or ammonia, shall be placed in locations that are well ventilated and not frequented by students and staff.

Environmental Safety (continued)

AR 3514(b)

10. The district's tobacco-free schools policy shall be consistently enforced in order to reduce the health risks caused by second-hand smoke.
11. Staff and students shall be asked to refrain from bringing common irritants such as furred or feathered animals, stuffed toys that may collect dust mites, scented candles, incense, or air fresheners and from using perfume or cologne, scented lotion or hair spray, nail polish or nail polish remover, or other personal care products that are not fragrance-free in classrooms, school buses, or other enclosed areas or buildings.

Outdoor Air Quality

The Superintendent or designee may coordinate with the local air resources control board and monitor local health advisories and outdoor air quality alerts to obtain forecasts of ozone levels, particle pollution, ultraviolet radiation levels, and/or temperature and humidity.

Whenever a forecast indicates a significant health risk, the Superintendent or designee shall communicate with each principal so that outdoor activities, especially those requiring prolonged or heavy exertion, may be avoided, limited in duration, or modified as necessary for all persons or for persons who may be particularly susceptible to the health risk involved.

Reduction of Vehicle Emissions

In order to reduce public exposure to toxic air contaminants, school bus drivers and other drivers of commercial motor vehicles shall limit unnecessary idling of vehicles at or near schools in accordance with 13 CCR 2480. The Superintendent or designee may also request parents/guardians to turn off their vehicles when they are idling on school grounds and encourage students to walk and/or bicycle to school. Any school bus that is diesel-fueled, dual-fueled, or alternative diesel-fueled and has a gross vehicle weight rating over 14,000 pounds shall be equipped with a particulate filter designed to reduce particulate matter emissions, oxides of nitrogen emissions, and other pollutants. (13 CCR 2025)

Drinking Water Safety

The quality and safety of the district's drinking water sources shall be regularly assessed, and drinking fountains shall be regularly cleaned and maintained, to ensure that drinking water consumed at school does not contain dirt, mold, lead, or other impurities or contaminants that may cause serious health concerns.

Whenever any contaminants in the drinking water are determined to be a concern, the Superintendent or designee shall take reasonable steps to identify the source and mitigate any potential problem to ensure the availability of safe drinking water. As needed, the Superintendent or designee shall provide alternative sources of drinking water, such as bottled water or on-site water filtration, to ensure that students have access to fresh drinking water at mealtimes and at other times throughout the day.

Whenever testing of drinking water finds concentrations of lead that exceed federal and state standards, the Superintendent or designee shall notify parents/guardians and take immediate steps to shut down and make inoperable any fountains or faucets where excess lead levels may exist.

Prevention of Lead Exposure

In addition to testing for the presence of lead in drinking water in district schools, the following steps shall be taken to minimize potential exposure to lead in school facilities:

1. School facilities shall be kept as dust-free and clean as possible.
2. Lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall not be used in the construction of any new school facility or the modernization or renovation of any existing school facility. (Education Code 32244)

Environmental Safety (continued)

AR 3514(c)

3. Lead exposure hazards shall be evaluated before any renovation or remodeling is begun, and children shall not be allowed in or near buildings in which these activities may create lead dust. Contractors and workers shall comply with state and federal standards related to the handling and disposal of lead debris and the clean-up and containment of dust within the construction area.
4. Lead-based painted surfaces that are in good condition shall be kept intact. If lead-based paint is peeling, flaking, or chalking, contractors or workers shall follow state and federal standards for safe work practices to minimize contamination when removing the paint.
5. Soil with low lead content may be covered with grass, other plantings, concrete, or asphalt. For soil with high lead content, removal and abatement are required.

Any action to abate existing lead hazards shall be taken only by contractors, inspectors, and workers certified by the California Department of Public Health in accordance with 17 CCR 35001-35099. (Education Code 32243)

The Superintendent or designee shall notify parent/guardians, teachers, and staff members if significant risk factors for lead exposure are found. (Education Code 32243)

Prevention of Mercury Exposure

The Superintendent or designee shall identify any mercury-containing products that are present in district facilities and, to the extent possible, shall replace them with mercury-free alternatives. Staff shall receive information about proper procedures to follow in the event of a mercury spill. Clean-up instructions, a clearly labeled kit with necessary clean-up supplies, and a list of local resources shall be readily accessible.

In the event of a spill, staff shall evacuate all students from the immediate area of the spill, ensure that any clothing or other items with mercury on them remain in the room, open windows to the outside, and close doors to other parts of the school. Staff who are trained in proper clean-up procedures may carefully clean a small spill. As needed for larger or difficult-to-clean spills, the Superintendent or designee shall use an experienced professional referred by the local health department or environmental agency.

Any products containing mercury shall be properly disposed at an appropriate hazardous waste collection facility.

Asbestos Management

The Superintendent shall designate an employee who shall ensure that the district's responsibilities related to asbestos inspection and abatement are implemented in accordance with federal and state regulations. This employee shall receive adequate training to perform these duties, including, as necessary, training on the health effects of asbestos; detection, identification, and assessment of asbestos-containing building materials; options for controlling asbestos-containing building materials; asbestos management programs; and relevant federal and state regulations. (40 CFR 763.84)

The designated employee shall ensure that the district complies with the following requirements:

1. School facilities shall be inspected for asbestos-containing building materials as necessary in accordance with the following:
 - a. Any school building that is leased, acquired, or otherwise used by the district shall be inspected for asbestos-containing building materials prior to its use as a school building, unless exempted by federal regulations. (40 CFR 763.85, 763.99)
 - b. At least once every six months, the district shall conduct a periodic surveillance consisting of a visual inspection of each school building that contains or is assumed to contain asbestos-containing building materials. (40 CFR 763.92)

Environmental Safety (continued)

AR 3514(d)

- c. At least once every three years, the district shall conduct a re-inspection of all known or assumed asbestos-containing building materials in each school building. (40 CFR 763.85)
2. Based on the results of the inspection, an appropriate response which is sufficient to protect human health and the environment shall be determined from among the options specified in 40 CFR 763.90. The district may select the least burdensome response, taking into consideration local circumstances, including occupancy and use patterns within the school building and economic concerns such as short-term and long-term costs. (40 CFR 763.90)
3. An asbestos management plan for each school site shall be maintained and regularly updated to keep it current with ongoing operations and maintenance, periodic surveillance, inspection, re-inspection, and response action activities. (15 USC 2643; 40 CFR 763.93)

The asbestos management plan shall be available for inspection in district and school offices during normal business hours. Parent/guardian, teacher, and employee organizations shall be annually informed of the availability of these plans. (40 CFR 763.84, 763.93)
4. Staff, students, and parents/guardians shall be informed at least once each school year about any inspections, response actions, and post-response actions, including periodic re-inspection and surveillance activities, that are planned or in progress. (40 CFR 763.84)
5. Inspections, re-inspections, periodic surveillance, and response actions, including operations and maintenance, shall be conducted in compliance with state and federal regulations for the protection and safety of workers and all other individuals. (Education Code 49410.5; 40 CFR 763.84, 763.90)

Asbestos inspection and abatement work, preparation of a management plan, and any maintenance activities that may disturb asbestos-containing building materials, except for emergency repairs or small-scale, short-duration maintenance activities, shall be completed by state-certified asbestos inspectors or contractors. (15 USC 2646; 40 CFR 763.84, 763.85, 763.91)
6. All custodial and maintenance employees shall be properly trained in accordance with applicable federal and/or state regulations. (40 CFR 763.84)

All district maintenance and custodial staff who may work in a building that contains asbestos-containing building materials, regardless of whether they are required to work with such materials, shall receive at least two hours of related asbestos awareness training. New maintenance and custodial staff shall receive such training within 60 days after beginning employment. Any maintenance or custodial staff who conduct activities that will disturb asbestos-containing building materials shall receive 14 hours of additional training. The trainings shall address the topics specified in 40 CFR 763.92. (15 USC 2655; 40 CFR 763.84, 763.92)
7. Short-term workers, such as telephone repair workers, utility workers, or exterminators, who may come in contact with asbestos in a school shall be provided information regarding the locations of known or suspected asbestos-containing building materials. (40 CFR 763.84)
8. Warning labels shall be posted immediately adjacent to any known or suspected asbestos-containing building material located in routine maintenance areas in accordance with 40 CFR 763.95. (40 CFR 763.84)

The district shall maintain, in both the district and school offices and for a period of three years, records pertaining to each preventive measure and response action taken; staff training; periodic surveillances conducted; cleaning, operations, and maintenance activities; and any fiber release episode. Hazardous Substances

BP 3514.1(a)

The Governing Board desires to provide a safe school environment that protects students and employees from exposure to any potentially hazardous substances used in the district's educational program and in the maintenance and operation of district facilities and equipment.

Insofar as reasonably possible, the Superintendent or designee shall minimize the quantities of hazardous substances stored and used on school property. When hazardous substances must be used, the Superintendent or designee shall give preference to materials that cause the least risk to people and the environment.

The Superintendent or designee shall ensure that all potentially hazardous substances on district properties are inventoried, used, stored, and regularly disposed of in a safe and legal manner.

The Superintendent or designee shall develop, implement, and maintain a written hazard communication program in accordance with 8 CCR 5194 and shall ensure that employees, students, and others as necessary are fully informed about the properties and potential hazards of substances to which they may be exposed.

The Superintendent or designee shall develop specific measures to ensure the safety of students and staff in school laboratories where hazardous chemicals are used. Such measures shall include the development and implementation of a chemical hygiene plan in accordance with 8 CCR 5191 and instruction to students about proper handling of hazardous substances.

The Superintendent or designee shall not order or purchase for use in grades K-6 any arts and crafts materials containing a substance determined by the California Office of Environmental Health Hazard Assessment to be toxic. The Superintendent or designee shall not purchase any such toxic material for use in grades 7-12 unless it includes a warning label as specified in Education Code 32065 that identifies any toxic ingredients, warns of potential adverse health effects, and describes procedures for safe use and storage. Hazardous Substances**

AR 3514.1(a)

Hazardous substance means a substance, material, or mixture which is likely to cause illness or injury by reason of being explosive, flammable, poisonous, corrosive, oxidizing, an irritant, or otherwise harmful. Hazardous substances, as identified by the Department of Industrial Relations, are listed in 8 CCR 339. (8 CCR 339, 5161)

Storage and Disposal of Chemicals

The Superintendent or designee shall adopt measures to ensure that hazardous substances on any district property are stored and disposed of properly in accordance with law. Such measures shall include, but are not limited to, the following: (8 CCR 5164)

1. Substances which react violently or evolve toxic vapors or gases when mixed, or which in combination become toxic, flammable, explosive, or otherwise hazardous, shall be separated from each other in storage by distance, partitions, secondary containment, or otherwise so as to preclude accidental contact between them.
2. Hazardous substances shall be stored in containers which are chemically inert to and appropriate for the type and quantity of the hazardous substance.
3. Containers of hazardous substances shall not be stored in such locations or manner as to result in physical damage to or deterioration of the container or where they are exposed to heat sufficient to rupture the container or to cause leakage.
4. Containers used to package a substance which gives off toxic, poisonous, corrosive, asphyxiant, suffocant, or anesthetic fumes, gases, or vapors in hazardous amounts, excluding small quantities of such materials kept in closed containers or materials kept in tank cars or trucks, shall not be stored in locations where it could be reasonably anticipated that persons would be exposed.

The Superintendent or designee shall regularly remove and dispose of all chemicals whose estimated shelf life has elapsed. (Education Code 49411)

Hazard Communication Program

The district's written hazard communication program shall include at least the components listed below and shall be available upon request to all employees and their designated representatives. The program shall apply to any hazardous substance which is known to be present in the workplace in such a manner that employees may be exposed under normal conditions of use or in a reasonably foreseeable emergency resulting from workplace operations. (8 CCR 5194)

1. Container Labeling

No container of hazardous substance, unless exempted by law, shall be accepted by the district or any district school unless labeled, tagged, or marked by the supplier with the identity of the hazardous substance, hazard warning statements, and the name and address of the chemical manufacturer or importer. No label on an incoming container shall be removed or intentionally defaced unless the container is immediately marked with the required information.

Whenever hazardous substances are transferred from their original containers to other containers, the secondary containers shall likewise be labeled with the identity and hazard warning statement, unless the substances are intended only for the immediate use of the employee who performs the transfer.

2. Safety Data Sheets

Upon receiving a hazardous substance or mixture, the Superintendent or designee shall ensure that the manufacturer or importer has furnished a safety data sheet (SDS) as required by law. If the SDS

is missing or obviously incomplete, the Superintendent or designee shall, within seven working days of noting the missing or incomplete information, request a new SDS from the manufacturer or importer. If a response is not received within 25 working days, the Superintendent or designee shall send a copy of the district's written inquiry to the California Occupational Safety and Health Division (Cal/OSHA). (8 CCR 5194)

The Superintendent or designee shall maintain the required SDS for each hazardous substance in the workplace and shall ensure that it is readily accessible to employees in their work area during working hours. The SDS may be maintained in paper copy, electronically, or through other means, provided that employees have immediate access and understand how to use the alternative system.

3. Employee Information and Training

Employees shall receive information and training on hazardous substances in their work area at the time of their initial assignment and whenever a new hazard is introduced into their work area. The information and training shall include, but are not limited to, the following topics: (8 CCR 5194)

- a. The requirements of 8 CCR 5194, including employee rights described therein
- b. The location and availability of the district's written hazard communication program, including the list of hazardous materials and all SDS
- c. Any operations in the work area where hazardous substances are present
- d. The physical and health effects of the hazardous substances in the work area
- e. Methods and observations that may be used to detect the presence or release of hazardous substances in the work area
- f. Measures that employees can take to protect themselves from exposure to hazardous substances, including specific procedures the district has implemented to protect employees, such as appropriate work practices, emergency procedures, and personal protective equipment to be used
- g. How to read and use the labels and SDS

4. List of Hazardous Substances

The written hazard communication program shall include a list of the hazardous substances known to be present in the workplace as a whole or for individual work areas. (8 CCR 5194)

5. Hazardous Nonroutine Tasks

When employees are required to perform hazardous nonroutine tasks or to work on unlabeled pipes that contain hazards, they shall first receive information about the specific hazards to which they may be exposed during this activity and the protective/safety measures which must be used, such as ventilation, respirators, other personal protective equipment, and/or the presence of another employee. They shall also receive information about emergency procedures to follow if accidentally exposed to the hazardous substance.

6. Information to Contractors

To ensure that outside contractors and their employees work safely in district facilities, the Superintendent or designee shall inform contractors of hazardous substances which are present on the site and precautions that they may take to lessen the possibility of exposure. It shall be the contractor's responsibility to disseminate this information to his/her employees and subcontractors.

Chemical Hygiene Plan

The district's chemical hygiene plan shall address exposure to hazardous chemicals in school laboratories and shall include the following components: (8 CCR 5191)

1. Standard operating procedures relevant to safety and health considerations to be followed when laboratory work involves the use of hazardous chemicals
2. Criteria that the district will use to determine and implement control measures to reduce exposure to hazardous chemicals, including engineering controls, the use of personal protective equipment, and hygiene practices
3. A requirement that protective equipment comply with state regulations and that specific measures be taken to ensure proper and adequate performance of such equipment
4. Provision of specified information at the time of an employee's initial assignment to a work area where hazardous chemicals are present and prior to assignments involving new exposure situations
5. Provision of specified employee training in accordance with the schedule determined by the Superintendent or designee
6. The circumstances under which a particular laboratory operation, procedure, or activity shall require prior approval of the Superintendent or designee before implementation
7. Provisions for medical consultations and examinations whenever there is evidence, as specified, that the employee may have been exposed to a hazardous chemical
8. Designation of an employee, who is qualified by training or experience, to serve as the district's chemical hygiene officer to provide technical guidance in the development and implementation of the chemical hygiene plan
9. Provisions for additional employee protection for work with particularly hazardous substances, as specified

The plan shall be readily available to employees and employee representatives, and, upon request, to Cal/OSHA. (8 CCR 5191)

The Superintendent or designee shall review and evaluate the effectiveness of the chemical hygiene plan at least annually and shall update it as necessary. (8 CCR 5191)

Integrated Pest Management**

AR 3514.2(a)

Definitions

Integrated pest management (IPM) means a strategy that focuses on long-term prevention or suppression of pest problems through a combination of techniques such as monitoring for pest presence and establishing treatment threshold levels, using nonchemical practices to make the habitat less conducive to pest development, improving sanitation, and employing mechanical and physical controls. (Education Code 17609; Food and Agricultural Code 13181)

School site means any facility used as a child day care facility or for kindergarten, elementary, or secondary school purposes and includes the buildings or structures, playgrounds, athletic fields, vehicles, or any other area of property visited or used by students. (Education Code 17609)

Program Components

The Superintendent or designee shall designate an employee at the district office and/or school site to develop, implement, and coordinate an IPM strategy that incorporates effective, least toxic pest management practices.

The IPM coordinator shall prepare and annually update a districtwide or school site IPM plan based on the template provided by the California Department of Pesticide Regulation (DPR).

The IPM plan shall include the name of the district and/or school IPM coordinator, the pesticides expected to be applied at the school site by district employees and/or pest control applicators, and a date that the plan shall be reviewed and, if necessary, updated. (Education Code 17611.5)

The district shall use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property, and the environment. Such pesticides shall only be used after careful monitoring indicates they are needed according to pre-established guidelines and treatment thresholds. (Food and Agricultural Code 13181)

The IPM plan and this administrative regulation shall not apply to reduced-risk pesticides, including self-contained baits or traps, gels or pastes used for crack and crevice treatments, antimicrobials, and pesticides exempt from registration by law. (Education Code 17610.5; 3 CCR 6147)

The district's program shall include, but not necessarily be limited to, the following components:

1. Identifying and monitoring pest population levels and identifying practices that could affect pest populations. Strategies for managing the pest shall be influenced by the pest species and whether that species poses a threat to people, property, or the environment.
2. Setting action threshold levels to determine when pest populations or vegetation at a specific location might cause unacceptable health or economic hazards that would indicate corrective action should be taken.
3. Modifying or eliminating pest habitats to deter pest populations and minimize pest infestations.
4. Considering a full range of possible alternative cost-effective treatments. Such alternative treatments may include taking no action or controlling the pest by physical, horticultural, or biological methods. Cost or staffing considerations alone will not be adequate justification for the use of chemical control agents.
5. Selecting nonchemical pest management methods over chemical methods whenever such methods are effective in providing the desired control or, when it is determined that chemical methods must be used, giving preference to those chemicals that pose the least hazardous effects to people and the environment.

No pesticide that is prohibited by DPR or the U.S. Environmental Protection Agency, as listed on the DPR web site, shall be used at a school site. (Education Code 17610.1)

6. Limiting pesticide purchases to amounts needed for the year. Pesticides shall be stored at a secure location that is not accessible to students and unauthorized staff. They shall be stored and disposed of in accordance with state regulations and product label directions.
7. Informing parents/guardians and employees regarding pesticide use as described in the sections "Notifications" and "Warning Signs" below.
8. Ensuring that persons applying pesticides follow label precautions and are sufficiently trained in the principles and practices of IPM as described in the section "Training" below.
9. Evaluating the effectiveness of treatments to determine if revisions to the IPM plan are needed.

Training

The IPM coordinator and any employee or contractor who may be designated to apply a pesticide at a school site shall annually complete a DPR-approved training course on IPM and the safe use of pesticides in relation to the unique nature of school sites and children's health. (Education Code 17614; Food and Agricultural Code 13186.5)

Any district employee who handles pesticides shall also receive pesticide-specific safety training prior to applying pesticides and annually thereafter in accordance with 3 CCR 6724.

Notifications

Staff and parents/guardians of students enrolled at a school site shall be annually notified, in writing, regarding pesticide products expected to be applied at the school site in the upcoming year. The notification shall include at least the following: (Education Code 17612)

1. The name of each pesticide product expected to be applied in the upcoming year and the active ingredient(s) in it
2. The Internet address (<http://www.cdpr.ca.gov/schoolipm>) used to access information on pesticides and pesticide use reduction developed by the DPR pursuant to Food and Agricultural Code 13184
3. If the school has posted its IPM plan, the Internet address where the plan may be found
4. The opportunity to view a copy of the IPM plan in the school office
5. An opportunity for interested persons to register to receive prior notification of each application of a pesticide at the school site
6. Other information deemed necessary by the IPM coordinator

Whenever a person registers to receive notice of individual pesticide application pursuant to item #5 above, the IPM coordinator shall notify such registered persons of individual pesticide applications at least 72 hours prior to the application. The notice shall include the product name, the active ingredient(s) in the product, and the intended date of application. (Education Code 17612)

If a pesticide product not included in the annual notification is subsequently intended for use at a school site, the IPM coordinator shall provide written notification of its intended use to staff and parents/guardians of students enrolled at the school, at least 72 hours prior to the application. (Education Code 17612)

Whenever the IPM coordinator deems that the immediate use of a pesticide is necessary to protect the health and safety of students, staff, or other persons at the school site, he/she shall make every effort to provide the required notifications prior to the application of the pesticide. (Education Code 17612)

Warning Signs

The IPM coordinator shall post a warning sign at each area of the school site where pesticides will be applied that shall be visible to all persons entering the treated area. The sign shall be posted at least 24 hours prior to the application and shall remain posted until 72 hours after the application. The warning sign shall prominently display the following information: (Education Code 17612)

1. The term "Warning/Pesticide Treated Area"
2. The product name, manufacturer's name, and the EPA's product registration number
3. Intended areas and dates of application
4. Reason for the pesticide application

When advance posting is not possible due to an emergency condition requiring immediate use of a pesticide to protect the health and safety of students, staff, or other persons or the school site, the warning sign shall be posted immediately upon application and shall remain posted until 72 hours after the application. (Education Code 17609, 17612)

Records

At the end of each calendar year, the IPM coordinator shall submit to DPR, on a form provided by DPR, a copy of the records of all pesticide use at the school site for that year, excluding any pesticides exempted by law and any pesticide use reported by the pest control operator pursuant to Food and Agricultural Code 13186. The IPM coordinator may submit more frequent reports at his/her discretion. (Education Code 17611)

Each school site shall maintain records of all pesticide use at the school for four years, and shall make the information available to the public, upon request, in accordance with the California Public Records Act. A school may meet this requirement by retaining a copy of the warning sign posted for each pesticide application with a recording on that copy of the amount of the pesticide used. (Education Code 17611)

Pesticide Use near School Site

Upon receiving notification pursuant to 3 CCR 6692 that a grower expects to use agricultural pesticides within one-quarter mile of a school site Monday through Friday from 6:00 a.m. to 6:00 p.m., the principal or designee shall notify the Superintendent or designee, IPM coordinator, staff at the school site, and parents/guardians of students enrolled at the school.

The principal or designee may communicate with any grower within one-quarter mile of the school to request that the grower not apply pesticides during evenings or weekends when school activities are scheduled.

Unmanned Aircraft Systems (Drones)**

BP 3515.21(a)

The Governing Board recognizes that unmanned aircraft or aerial systems (drones) may be a useful tool to enhance the instructional program and assist with district operations. In order to avoid disruption and maintain the safety, security, and privacy of students, staff, and visitors, any person or entity desiring to use a drone on or over district property shall submit a written request for permission to the Superintendent or designee.

A small unmanned aircraft system or drone is an aircraft weighing less than 55 pounds that is operated remotely without the possibility of direct human intervention from within or on the aircraft and the associated elements, including communication links and controls, required for the pilot to operate the aircraft safely and efficiently. It does not include model aircraft or rockets such as those which are radio controlled and used only for hobby or recreational purposes. (49 USC 40101 Note; 14 CFR 107.3)

The Superintendent or designee may grant permission to district employees and students for the use of drones only if the planned activity supports instructional, co-curricular, extracurricular, athletic, or operational purposes. Such uses may include, but are not limited to, instruction in science, technology, engineering, and math (STEM), the arts, or other subjects; maintenance of grounds and facilities; and campus security. When used for instructional purposes, there shall be a clear and articulable connection between drone technology and the course curriculum. Students shall only operate a drone on or over district property under the supervision of a district employee as part of an authorized activity.

Any person or entity requesting to operate a drone on or over district property, including a district employee, shall provide a description of the type of operation requested, flight location, date and time of the planned flight, anticipated duration, and whether photos and/or video will be taken. As applicable, the applicant shall also present a copy of his/her Certificate of Waiver or Authorization or exemption issued by the Federal Aviation Administration.

In determining whether to grant permission for the requested use of a drone, the Superintendent or designee shall consider the intended purpose of the activity and its potential impact on safety, security, and privacy. The decision of the Superintendent or designee shall be final.

When any use of drones is authorized, the Superintendent or designee shall notify the drone operator of the following conditions:

1. The operator is responsible for complying with applicable federal, state, and/or local laws and regulations, including federal safety regulations pursuant to 14 CFR 107.15-107.51 which include, but are not limited to, requirements that the drone not be flown at night, above 400 feet in altitude, or over any people unless they are in a covered structure or stationary vehicle. The operator shall maintain the visual line of sight with the drone at all times.
2. The drone shall be kept away from any area reasonably considered private, including, but not limited to, restrooms, locker rooms, and individual homes.
3. The district reserves the right to rescind the authorization for use of drones at any time.

The Superintendent or designee may remove any person engaged in unauthorized drone use on district property and/or may confiscate the drone. He/she may also shut down the operation of any authorized drone use whenever the operator fails to comply with the terms of the authorization or the use interferes with district activity, creates electronic interference, or poses unacceptable risks to individuals or property.

Any student or staff member violating this policy shall be subject to disciplinary action in accordance with district policies and procedures.

District employees shall report any damage to or loss of school property to the Superintendent or designee immediately after such damage or loss is discovered.

The Superintendent or designee shall conduct a complete investigation of any instance of damage to or loss of school property and shall consult law enforcement officials when appropriate.

When the individual causing the damage or loss has been identified and the costs of repair, replacement, or cleanup determined, the Superintendent or designee shall take all practical and reasonable steps to recover the district's costs and shall consult with the district's legal counsel and/or insurance carrier, as appropriate.

Such steps may include the filing of a civil complaint in a court of competent jurisdiction to recover damages from the responsible person and, if the responsible person is a minor, from the parent/guardian in accordance with law. Damages may include the cost of repair or replacement of the property, the payment of any reward, interest, court costs, and all other damages as provided by law.

If the responsible person is a minor student of the district and the student's parents/guardians are unable to pay for the damages or to return the property, the district shall offer a program of voluntary work for the student in lieu of the payment of monetary damages. The district may offer any other student or former student, with parent/guardian permission, the option to provide service, work, or other alternative, nonmonetary forms of compensation to settle the debt owed as a result of property loss or damage. The Superintendent or designee shall develop a plan for receiving and communicating information about registered sex offenders residing within district boundaries. He/she shall ensure, at a minimum, that the following components are part of the plan:

1. When law enforcement notifies the district of the residency or employment of a sex offender within district boundaries, the Superintendent or designee shall consult with law enforcement about the appropriate scope of the disclosure. When authorized by law enforcement, the Superintendent or liaison may disclose information about a sex offender to the following staff:
 - a. The principal of the school which is in the attendance area of the sex offender's residence or place of employment
 - b. Teachers and classified personnel at that school, including staff responsible for visitor registration
 - c. Principals and staff at adjacent schools, as appropriate
 - d. Bus drivers
 - e. Yard supervisors
2. Any staff member who receives information directly from law enforcement regarding registered sex offenders shall immediately contact the Superintendent or designee in order to help ensure that the district is able to respond appropriately.
3. If an identified sex offender is seen on or near school grounds or around any student, staff shall immediately contact the Superintendent or designee. A staff member may also inform local law enforcement.

Notification to Parents/Guardians

When law enforcement has determined that parents/guardians should be notified regarding the presence of a sex offender in the community, the Superintendent or designee shall collaborate with local law enforcement in order to determine an appropriate response. This response may include:

1. This article shall encourage parents/guardians to contact local law enforcement and access the Department of Justice's Megan's Law Internet website for additional information.
2. A mailing, at law enforcement's expense, prepared by law enforcement, and printed on law enforcement letterhead and envelopes, notifying parents/guardians of the presence of registered sex offenders. This notification shall encourage parents/guardians to contact local law enforcement and access the Department of Justice's Megan's Law Internet website for additional information.
3. This notification shall encourage parents/guardians to contact local law enforcement and access the Department of Justice's Megan's Law Internet website for additional information.

Whenever the principal has granted permission to a person who is required to register as a sex offender pursuant to Penal Code 290 to come into a school building or upon school grounds to volunteer at the school, he/she shall notify the parent/guardian of each student at that school, at least 14 days in advance using one of the methods specified in Education Code 48981, that a registered sex offender has been granted such permission, the date(s) and times for which permission has been granted, and the parent/guardian's right to obtain information regarding the person from a designated law enforcement agency. Any contracting entity's employee who has been convicted of a violent or serious felony, as defined in Education Code 45122.1, shall not be permitted to interact with students unless a certificate of rehabilitation and pardon pursuant to Penal Code 4852.01-4852.22 has been submitted to the Superintendent or designee. (Education Code 45125.1)

The Superintendent or designee may determine that criminal background checks will not be required if the contract is for the construction, reconstruction, rehabilitation, or repair of a school facility and the contracting entity is providing services in an emergency or exceptional situation, or the district uses one or more of the following methods to ensure student safety: (Education Code 45125.2)

1. The installation of a physical barrier at the worksite to limit contact with students
2. Continual supervision and monitoring of all employees of the entity by an employee of the entity whom DOJ has ascertained has not been convicted of a violent or serious felony

Earthquake Emergency Procedure System**

AR 3516.3(a)

Earthquake Preparedness

Earthquake emergency procedures shall be established in every school building having an occupant capacity of 50 or more students, or more than one classroom, and shall be incorporated into the comprehensive safety plan. (Education Code 32282)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code 8607; 19 CCR 2400-2450)

The Superintendent or designee may work with the California Governor's Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code 32282)

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

Earthquake emergency procedures shall include, but not be limited to, all of the following: (Education Code 32282)

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff
2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows. Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools.
3. Protective measures to be taken before, during, and following an earthquake
4. A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished, if possible, before taking cover.
3. As soon as possible, staff shall move students away from windows, shelves, and heavy objects or furniture that may fall.
4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly locations are safe and shall communicate with teachers and other staff.
5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and shall evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles, or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

Subsequent Emergency Procedures

After an earthquake episode has subsided, the following actions shall be taken:

1. Staff shall extinguish small fires if safe.
2. Staff shall provide first aid to any injured students, take roll, and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.

Earthquake Emergency Procedure System

AR 3516.3(c)

5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense office, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.
7. The principal or designee shall contact the Superintendent or designee and request further instructions after assessing the earthquake damage.
8. The Superintendent or designee shall provide updates to parents/guardians of district students and members of the community about the incident, any safety issues, and follow-up directions.

Emergency Schedules

BP 3516.5

In order to provide for the safety of students and staff, the Governing Board authorizes the Superintendent or designee to close a school site, change the regular school day schedule, or take any necessary action when hazardous environmental or weather conditions or other emergencies warrant.

When an emergency condition causes a school closure, reduction in attendance, or change in schedule pursuant to Education Code 41422 or 46392, thereby preventing the district from complying with the minimum number of instructional days or minutes required by law, the Superintendent or designee shall complete and submit to the Superintendent of Public Instruction (SPI) the necessary forms and/or affidavits for obtaining approval of apportionment credit for the days of the closure, reduction in attendance, or change in schedule. The Superintendent or designee shall submit other relevant district records as may be required.

For school closures due to emergency events occurring after September 1, 2021, the Superintendent or designee shall develop a plan for offering independent study within 10 days of school closure to any student impacted by the emergency condition. The plan shall also address the establishment, within a reasonable time, of independent study master agreements as specified in BP 6158 - Independent Study. The plan shall require reopening in person as soon as possible once allowable under the direction from the city or county health officer. The Superintendent or designee shall certify that the district has a plan for independent study in the affidavit submitted to the SPI pursuant to Education Code 46392. (Education Code 46393)

The Superintendent or designee shall establish a system for informing students and parents/guardians when school buses are not operating as scheduled, the school day schedule is changed, or the school is closed. The district's notification system shall include, but is not limited to, notifying local television and radio stations, posting on district web site(s), sending email and text messages, and/or making telephone calls.

Whenever the school day schedule changes after students have arrived at school, the Superintendent or designee shall ensure that students are supervised in accordance with the procedures specified in the district's emergency and disaster preparedness plan.

The Superintendent or designee may provide a means to make up lost instructional time later during the year. Students and parents/guardians shall receive timely notice in advance of any resulting changes in the school calendar or school day schedule.

AR 3517(a)

The Superintendent or designee shall inspect school facilities to ensure that they are maintained in good repair. At a minimum, he/she shall assess those facility conditions specified on the facilities inspection tool developed by the Office of Public School Construction, including, but not limited to, the following: (Education Code 17002, 35292.5)

1. **Gas Leaks:** Gas systems and pipes appear and smell safe, functional, and free of leaks.
2. **Mechanical Systems:** Heating, ventilation, and air conditioning systems, as applicable, are functional and unobstructed; appear to supply an adequate amount of air to all classrooms, work spaces, and facilities; and maintain interior temperatures within normally acceptable ranges.
3. **Windows and Doors:** Windows and doors are intact, functional, and open, close, and lock as designed, unless there is a valid reason they should not function as designed.
4. **Fences and Gates:** Fences and gates are intact, functional, and free of holes and other conditions that could present a safety hazard to students, staff, or others. Locks and other security hardware function as designed.
5. **Interior Surfaces (walls, floors, ceilings):** Interior surfaces are free of safety hazards from tears, holes, missing floor and ceiling tiles, torn carpet, water damage, or other cause. Ceiling tiles are intact. Surfaces display no evidence of mold or mildew.
6. **Hazardous Materials:** Hazardous and flammable materials are stored properly. No evidence of peeling, chipping, or cracking paint is apparent. No indicators of mold, mildew, or asbestos exposure are evident. There does not appear to be evidence of hazardous materials that may pose a threat to the health and safety of students or staff.
7. **Structures:** Posts, beams, supports for portable classrooms and ramps, and other structures appear intact, secure, and functional as designed. Ceilings and floors are not sloping or sagging beyond their intended design. There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines structural components.

The district shall strive to keep its liability at a minimum and its insurance premiums as low as possible while maintaining adequate protection against loss which may occur due to hazards facing the district.

Transportation**

BP 3540(a)

The Governing Board desires to provide for the safe and efficient transportation of students to and from school as necessary to ensure student access to the educational program, promote regular attendance, and reduce tardiness. In determining the extent to which the district will provide transportation services, the Board shall weigh student and community needs against the cost of providing such services.

The Superintendent or designee shall recommend to the Board economical, environmentally sustainable, and appropriate means of providing transportation services.

The Board may purchase, rent, or lease vehicles; contract with a common carrier or municipally owned transit system; contract with responsible private parties including the parent/guardian of the student being transported; and/or contract with the County Superintendent of Schools. (Education Code 35330, 39800, 39801)

In contracting for transportation services, the district shall comply with all applicable laws related to bids and contracts. (Education Code 39802-39803)

In lieu of providing transportation in whole or in part, the district may pay the student's parents/guardians either their actual and necessary expenses in transporting the student or the cost of the student's food and lodging at a place convenient to the school. In either case, the amount of the payment shall not exceed the cost that would be incurred by the district to provide for the transportation of the student to and from school. (Education Code 39806-39807)

No student shall be required to be transported for any reason without the written permission of the student's parent/guardian, except in emergency situations involving illness or injury to the student pursuant to Education Code 35350 or the evacuation of students as necessary for their safety.

The Superintendent or designee shall develop procedures to promote safety for students traveling on school buses.

The district may install a global positioning system (GPS) on school buses and/or student activity buses in order to enhance student safety and provide real-time location data to district and school administrators and parents/guardians.

The Superintendent or designee shall ensure the qualifications of bus drivers and related staff employed by the district, provide for the maintenance and operation of district-owned school buses and other equipment, and ensure adequate facilities for equipment storage and maintenance.

3. There is no rear seat, the rear seats are side-facing jump seats or rear-facing seats, the child passenger restraint system cannot be installed properly in the rear seat, all rear seats are already occupied by children under age 8 years, or medical reasons necessitate that the child not ride in the rear seat.

**Board Policy
Business and Noninstructional Operations
Transportation for Students with Disabilities**

BP 3541.2(a)

The Governing Board desires to meet the transportation needs of students with disabilities to enable them to benefit from special education and related services. The district shall provide appropriate transportation services for a student with disabilities when the district is the student's district of residence and the transportation services are required by his/her individualized education program (IEP) or Section 504 accommodation plan.

The specific needs of the student shall be the primary consideration when an IEP team is determining the student's transportation needs. Considerations may include, but are not limited to, the student's health needs, travel distances, physical accessibility and safety of streets and sidewalks, accessibility of public transportation systems, midday or other transportation needs, extended-year services, and, as necessary, implementation of a behavioral intervention plan.

The Superintendent or designee shall provide IEP teams with information about district transportation services in order to assist them in making decisions as to the mode, schedule, and location of transportation services that may be available to each student with disabilities. The IEP team may communicate with district transportation staff and/or invite transportation staff to attend IEP team meetings where the student's transportation needs will be discussed.

Transportation services specified in a student's IEP or Section 504 plan shall be provided at no cost to the student or his/her parent/guardian.

If a student whose IEP or accommodation plan specifies transportation needs is excluded from school bus transportation for any reason, such as suspension, expulsion, or other reason, the district shall provide alternative transportation at no cost to the student or parent/guardian. (Education Code 48915.5)

When contracting with a nonpublic, nonsectarian school or agency to provide special education services, the Superintendent or designee shall ensure that the contract includes general administrative and financial agreements related to the provision of transportation services if specified in the student's IEP. (Education Code 56366)

The Superintendent or designee shall arrange transportation schedules so that students with disabilities do not spend an excessive amount of time on buses compared to other students. Arrivals and departures shall not reduce the length of the school day for these students except as may be prescribed on an individual basis.

The Superintendent or designee shall ensure that any mobile seating devices used on district buses are compatible with bus securement systems required by 49 CFR 571.222. (Education Code 56195.8)

As necessary, a student with disabilities may be accompanied on school transportation by a service animal, as defined in 28 CFR 35.104, including a specially trained guide dog, signal dog, or service dog. (Education Code 39839; Civil Code 54.1-54.2; 28 CFR 35.136)

When transportation is not specifically required by the IEP or Section 504 plan of a student with disabilities, the student shall be subject to the rules and policies regarding regular transportation offerings within the district.

Food Service Operations/Cafeteria Fund (continued)**BP 3551(b)**

A nondomestic food product may be purchased for use in the district's food service program only as a last resort when the product is not produced or manufactured in the United States in sufficient and reasonably available quantities of a satisfactory quality, or when competitive bids reveal the costs of a United States product are significantly higher than the nondomestic product. In such cases, the Superintendent or designee shall retain documentation justifying the use of the exception.

Furthermore, the district shall accept a bid or price for an agricultural product grown in California before accepting a bid or price for an agricultural product grown outside the state, if the quality of the California-grown product is comparable and the bid or price does not exceed the lowest bid or price of a product produced outside the state. (Food and Agriculture Code 58595)

Bid solicitations and awards for purchases of equipment, materials, or supplies in support of the district's child nutrition program, or for contracts awarded pursuant to Public Contract Code 2000, shall be consistent with the federal procurement standards in 2 CFR 200.318-200.326. Awards shall be let to the most responsive and responsible party. Price shall be the primary consideration, but not the only determining factor, in making such an award. (Public Contract Code 20111)

Program Monitoring and Evaluation

The Superintendent or designee shall present to the Board, at least annually, financial reports regarding revenues and expenditures related to the food service program.

The Superintendent or designee shall provide all necessary documentation required for the Administrative Review conducted by CDE to ensure compliance of the district's food service program with federal requirements.

AR 3551(a)

The District participates in the Community Eligibility Provision of the National School Lunch and School Breakfast Programs. At all school locations within the district, lunches and breakfasts are served at no charge to each child every school day.

Reimbursement Claims

The Superintendent or designee shall maintain records of the number of meals served each day by school site and by category of free, reduced-price, and full-price meals. The Superintendent or designee shall submit reimbursement claims for school meals to CDE using the online Child Nutrition Information and Payment System.

Donation of Leftover Food

To minimize waste and reduce food insecurity, the district may provide sharing tables where students and staff may return appropriate unused cafeteria food items to be made available to students during the course of a regular school meal time. If food on the sharing tables is not taken by a student, the school cafeteria may donate the food to a food bank or any other nonprofit charitable organization. (Health and Safety Code 114079)

Food that may be donated includes prepackaged, nonpotentially hazardous food with the packaging still intact and in good condition, whole uncut produce that complies with Health and Safety Code 113992, unopened bags of sliced fruit, unopened containers of milk that are immediately stored in a cooling bin maintained at 41 degrees Fahrenheit or below, and perishable prepackaged food if it is placed in a proper temperature-controlled environment. The preparation, safety, and donation of food shall be consistent with Health and Safety Code 113980. (Health and Safety Code 114079)

Cafeteria Fund

All proceeds from food sales and other services offered by the cafeteria shall be deposited in the cafeteria fund as provided by law. (Education Code 38090, 38093)

The cafeteria fund shall be used only for those expenditures authorized by the Board as necessary for the operation of school cafeterias in accordance with Education Code 38100-38103, 2 CFR Part 200 Appendix VII, and the California School Accounting Manual.

With CDE approval, the district may use cafeteria funds to supplement the provision of universal breakfast. On or before July 1 of each year, the district shall submit to CDE a Board-signed application certifying that breakfast will be provided to all students at no charge and that any cost above the amount provided in federal reimbursement will be covered by the district with nonfederal funds. (Education Code 49550.5)

Any charges to, or transfers from, a food service program shall be dated and accompanied by a written explanation of the purpose of and basis for the expenditure. (Education Code 38101)

Indirect costs charged to the food service program shall be based on either the district's prior year indirect cost rate as approved by CDE or the statewide average approved indirect cost rate for the second prior fiscal year, whichever is less. (Education Code 38101)

Net cash resources in the nonprofit school food service shall not exceed three months' average expenditures. (7 CFR 210.14, 220.7)

U.S. Department of Agriculture Foods

The district shall provide facilities for the storage and control of foods received through the U.S. Department of Agriculture (USDA) that protect against theft, spoilage, damage, or other loss. Such storage facilities shall maintain donated foods in sanitary conditions, at the proper temperature and humidity, and with adequate air circulation. The district shall comply with all federal, state, or local requirements related to food safety and health and procedures for responding to a food recall, as applicable, and shall obtain all required health inspections. (7 CFR 250.14)

Food Service Operations/Cafeteria Fund (continued)

AR 3551(b)

The Superintendent or designee shall maintain inventories of USDA foods in accordance with 7 CFR 250.59 and CDE procedures, and shall ensure that foods are used before their expiration dates.

USDA donated foods shall be used in school lunches as far as practicable. USDA foods also may be used in other nonprofit food service activities, including, but not limited to, school breakfasts or other meals, a la carte foods sold to students, meals served to adults directly involved in the operation and administration of the food service and to other school staff, and training in nutrition, health, food service, or general home economics instruction for students, provided that any revenues from such activities accrue to the district's nonprofit food service account. (7 CFR 250.59)

Contracts with Outside Services

The term of any contract for food service management or consulting services shall not exceed one year. Any renewal of the contract or further requests for proposals to provide such services shall be considered on a year-to-year basis. (Education Code 45103.5; 7 CFR 210.16)

Any contract for management of the food service operation shall be approved by CDE and comply with the conditions in Education Code 49554 and 7 CFR 210.16 as applicable. The district shall retain control of the quality, extent, and general nature of its food services, including prices to be charged to students for meals, and shall monitor the food service operation through periodic on-site visits. The district shall not enter into a contract with a food service company to provide a la carte food services, unless the company agrees to offer free, reduced-price, and full-price reimbursable meals to all eligible students. (Education Code 49554; 42 USC 1758; 7 CFR 210.16)

Any contract for consulting services shall not result in the supervision of food service classified staff by the management consultant, nor shall it result in the elimination of any food service classified staff or position or have any adverse effect on the wages, benefits, or other terms and conditions of employment of classified food service staff or positions. All persons providing consulting services shall be subject to applicable employment conditions related to health and safety as listed in Education Code 45103.5. (Education Code 45103.5)

Health standards. The Superintendent or designee shall ensure that food storage, preparation and service is in accordance with the sanitation and health standards established under State and local law and regulations. (7 CFR 210.13)

Storage. The Superintendent or designee shall ensure that the necessary facilities for storage, preparation and service of food are maintained. Facilities for the handling, storage, and distribution of purchased and donated foods shall be such as to properly safeguard against theft, spoilage and other loss. (7 CFR 210.13)

Inventories of USDA foods and other perishable food shall be stocked so that earlier use-by-dates are moved to the front and later use-by-dates are placed to the back of the storage facility.

The District shall obtain a minimum of two food safety inspections during each school year conducted by a State or local governmental agency responsible for food safety inspections. They shall post in a publicly visible location a report of the most recent inspection conducted, and provide a copy of the inspection report to a member of the public upon request. (7 CFR 210.13)

Summer Meal Program

BP 3552(a)

The Governing Board recognizes that child nutrition programs have a positive and direct impact upon children's well-being and achievement. To help students and other children in the community remain well nourished throughout the summer vacation, the district shall sponsor a summer meal program as approved by the California Department of Education (CDE).

Between October and April, or at any time or school on a year-round schedule, the district may serve meals at a nonschool site in cases of unanticipated school closures, such as a natural disaster, unscheduled major building repair, court order related to school safety or other issues, labor-management dispute, or similar cause as approved by the CDE. (42 USC 1761; 7 CFR 225.6)

The Superintendent or designee shall recommend to the Board one or more sites for meal services based on state and federal program criteria and an assessment of family and community needs. When feasible, the Superintendent or designee shall involve local governmental agencies, food banks, and/or community organizations in identifying suitable site locations. The site(s) shall be approved by the CDE before meal service is initiated.

The summer meal program may be offered in conjunction with educational enrichment or recreational activities in order to encourage participation in other wellness and learning opportunities.

The Superintendent or designee shall develop and coordinate outreach and promotional activities to inform parents/guardians and the community about the availability of the summer meal program and its location(s) and hours.

The Superintendent or designee shall maintain accurate records of all meals served and shall ensure the timely submission of reimbursement claims in accordance with state procedures.

The Superintendent or designee shall regularly report to the Board regarding program implementation, number of participants at each site, feedback from participating children and their parents/guardians regarding menus and service, and program costs. As needed, the Board shall direct the Superintendent or designee to identify program modifications to increase program quality or children's access to meal services.

Summer Meal Program**

AR 3552(a)

Site Selection

In identifying locations where summer meals may be provided, the Superintendent or designee shall document site eligibility according to the following criteria: (7 CFR 225.2, 225.15)

1. Open Site: The site provides meals to all children in the area and is located at a school or nonschool site within the geographical boundaries of a school attendance area where at least 50 percent of the children are eligible for free or reduced-price meals.
2. Restricted Open Site: The site initially meets the criteria of an "open site," but the district must restrict or limit participation on a first-come, first-served basis due to security, safety, or control concerns.
3. Closed Enrolled Site: The site is open only to enrolled children, as opposed to the community at large, and at least 50 percent of the enrolled children at the site are eligible for free or reduced price school meals, as determined by approval of applications in accordance with 7 CFR 225.15(f).

Whenever the district offers the summer meal program at a site that provides summer school sessions, it shall ensure that the site is open to students enrolled in summer school and to all children residing in the area served by the site. (7 CFR 225.14)

Meal Service

In accordance with the district's agreement with the California Department of Education (CDE), the summer meal program may offer breakfast, morning snack, lunch, afternoon snack, and/or supper. The program may provide up to two meals/snacks per day in any combination, except that lunch and supper shall not be provided by the same site on the same day. Sites that primarily serve children from migrant families may apply to serve up to three meals, or two meals and one snack, per day. All meals/snacks shall be provided within the time periods specified in 7 CFR 225.16. (42 USC 1761; 7 CFR 225.16)

Meals provided through the district's summer meal program shall be available at no cost to: (42 USC 1761; 7 CFR 225.2)

1. Children age 18 or younger
2. Persons over age 18 who meet the CDE's definition of having a physical or mental disability and who are participating in a public or nonprofit private school program established for individuals with a disability

The Superintendent or designee shall designate a person at each participating site to serve as the program's site supervisor. The site supervisor shall oversee the order or preparation of meals, ensure the site is cleaned before and after the meal, and record the number of complete meals served to eligible children each day.

Additional Requirements for Seamless Summer Feeding Option

All meals offered through the summer meal program shall meet menu planning requirements for the National School Lunch or Breakfast Program pursuant to 7 CFR 210.10 or 7 CFR 220.8. (42 USC 1761)

Whenever the district operates an open site as defined in the section entitled "Site Selection" above, the Superintendent or designee shall advertise the availability of summer meal services to the neighborhood community. A large banner or marquee shall be prominently displayed at each site before and during the meal service. Other outreach strategies may include, but are not limited to, sending a news release to the local media, distributing a flyer to parents/guardians of district students, posting information on the district or school web site, and placing posters throughout the community.

At the point of service, on-site staff shall count the number of eligible meals served. Reimbursement claims shall be submitted using the same procedure used during the school year for the National School Lunch or Breakfast Program.

Summer Meal Program (continued)

AR 3552(b)

Each year the Superintendent or designee shall conduct at least one review of each site to ensure its compliance with meal counting, claiming, menu planning, and food safety requirements. For newly established sites, such reviews shall be conducted within three weeks of the start of operation.

Additional Requirements for Summer Food Service Program

The district shall annually submit to the CDE a program application and budget for anticipated operational and administrative costs.

The Superintendent or designee shall annually send a notice to the media serving the area from which the district draws its attendance regarding the availability of free meals. (7 CFR 225.15)

In addition, the district and each open site shall:

1. Make program information available to the public upon request
2. Make reasonable efforts to provide information in the appropriate translation concerning the availability and nutritional benefits of the program
3. Display, in a prominent place at the site and in the district office, the nondiscrimination poster developed or approved by the U.S. Department of Agriculture's Food and Nutrition Service
4. Include the nondiscrimination statement and instructions for filing a complaint in the public release and in any program information directed to parents/guardians of participants and potential participants
5. Post signage, such as a banner, marquee, poster, or other large display on the exterior of the building facing the street nearest the entrance of the meal service area at each site, before the meal service begins and throughout the service time

All meals offered through the summer meal program shall meet U.S. Department of Agriculture minimum meal patterns as specified in 7 CFR 225.16 or the meal patterns required for the National School Lunch and Breakfast Programs. (42 USC 1761; 7 CFR 225.16)

The Superintendent or designee shall submit to the CDE monthly reimbursement claims based on the number of eligible meals served.

Program administrative personnel shall annually attend mandatory training provided by the CDE. In addition, the Superintendent or designee shall annually hold program training sessions for administrative and site personnel and shall allow no site to operate until personnel have attended at least one of these training sessions. Training of site personnel shall include, but not be limited to, the purpose of the program, site eligibility, record keeping, site operations, meal pattern requirements, and the duties of a program monitor. The Superintendent or designee shall provide training throughout the summer to ensure that administrative personnel are thoroughly knowledgeable in all required areas of program administration and operation and are provided with sufficient information to carry out their program responsibilities. Each site shall have present at each meal service at least one person who has received this training. (42 USC 1761; 7 CFR 225.15, 225.7)

The Superintendent or designee shall monitor program operations by conducting site visits prior to opening a new site, during the first week of operation, during the first four weeks of operation, and then at a reasonable level thereafter. (7 CFR 225.15)

The Superintendent or designee shall retain all records pertaining to the program for a period of three years after the end of the fiscal year to which they pertain. (7 CFR 225.6, 225.15)

Free and Reduced Price Meals**

BP 3553(a)

To provide optimal nutrition and reduce the administrative burden of food service operations, the District participates in Provision 2 of the National School Lunch and School Breakfast Programs. At all school locations within the district, lunches and breakfasts are served at no charge to each child every school day, pursuant to 42 USC 1759a.

The District also participates in the Special Milk Program pursuant to 42 USC 1772 to provide milk at no charge to students.

Confidentiality/Release of Records

All applications and records related to eligibility for the free and reduced-price meal program shall be confidential and may not be released except as provided by law and authorized by the Board or pursuant to a court order. (Education Code 49558)

The Board authorizes designated employees to use individual records pertaining to student eligibility for the free and reduced-price meal program for the following purposes: (Education Code 49558)

1. Disaggregation of academic achievement data
2. Identification of students eligible for services under the federal Elementary and Secondary Education Act pursuant to 20 USC 6301-6576

If a student transfers from the district to another district, charter school, county office of education program, or private school, the Superintendent or designee may share the student's meal eligibility information to the other educational agency to assist in the continuation of the student's meal benefits.

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to another school district, charter school, or county office of education that is serving a student living in the same household for purposes related to program eligibility and data used in local control funding formula calculations. (Education Code 49558)

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to the Superintendent of Public Instruction for purposes of determining allocations under the local control funding formula and for assessing accountability of that funding. (Education Code 49558)

The Superintendent or designee may release information on the school lunch program application to the local agency that determines eligibility for participation in the Medi-Cal program if the student has been approved for free meals or, if included in the agreement with the local agency, for reduced-price meals. He/she also may release information on the school lunch application to the local agency that determines eligibility for CalFresh or another nutrition assistance program authorized under 7 CFR 210.1 if the student has been approved for free or reduced-price meals. Information may be released for these purposes only if the student's parent/guardian consents to the sharing of information and the district has entered into a memorandum of understanding with the local agency which, at a minimum, includes the roles and responsibilities of the district and local agency and the process for sharing the information. After sharing information with the local agency for purposes of determining eligibility for that program, no further information shall be shared unless otherwise authorized by law. The district shall not deny any individual the benefits or service of any nutrition program or discriminate on any basis prohibited by law.

Compliance Coordinator

The Board shall designate a compliance coordinator for nutrition programs, who may also be the compliance officer(s) specified in AR 1312.3 - Uniform Complaint Procedures, to ensure compliance with the laws governing the district's nutrition programs.

The responsibilities of the compliance coordinator include, but are not limited to:

2. Annually providing mandatory civil rights training to all frontline staff who interact with program applicants or participants and to those who supervise frontline staff
The subject matter of such training shall include, but not be limited to, collection and use of data, effective public notification systems, complaint procedures, compliance review techniques, resolution of noncompliance, requirements for reasonable accommodation of persons with disabilities, requirements for language assistance, conflict resolution, and customer service.
3. Establishing admission and enrollment procedures that do not restrict enrollment of students on the basis of race, ethnicity, national origin, or disability, including preventing staff from incorrectly denying applications and ensuring that such persons have equal access to all programs
4. Sending a public release announcing the availability of the child nutrition programs and/or changes in the programs to public media and to community and grassroots organizations that interact directly with eligible or potentially eligible participants
5. Communicating the program's nondiscrimination policy and applicable complaint procedures, as provided in the section "Notifications" below
6. Providing appropriate translation services when a significant number of persons in the surrounding population have limited English proficiency
7. Ensuring that every part of a facility is accessible to and usable by persons with disabilities and that participants with disabilities are not excluded from the benefits or services due to inaccessibility of facilities
8. Ensuring that special meals are made available to participants with disabilities who have a medical statement on file documenting that their disability restricts their diet
9. Implementing procedures to process and resolve civil rights (discrimination) complaints and program-related complaints, including maintaining a complaint log, working with the appropriate person to resolve any complaint, and referring the complainant to the appropriate state or federal agency when necessary

Applicants, participants, and the public also shall be advised of their right to file a complaint, how to file a complaint, the complaint procedures, and that a complaint may be filed anonymously or by a third party.

In addition, the compliance coordinator shall ensure that all forms of communication available to the public regarding program availability shall contain, in a prominent location, a statement provided by USDA about the district's status as an equal opportunity provider and the address of the agency with responsibility to handle complaints made against the district.

Forms of communication requiring this nondiscrimination statement include, but are not limited to, web sites, public information releases, publications, and posters, but exclude items such as cups, buttons, magnets, and pens that identify the program when the size or configuration makes it impractical. The nondiscrimination statement need not be included on every page of program information on the district's or school's web site, but the statement or a link to the statement shall be included on the home page of the program information.

A short version of the nondiscrimination statement, as provided by USDA, may be used on pamphlets, brochures, and flyers in the same print size as the rest of the text.

Business and Noninstructional Operations
District Records**

BP 3580(a)

The Governing Board recognizes the importance of securing and retaining district documents. The Superintendent or designee shall ensure that district records are developed, maintained, and disposed of in accordance with law, Board policy, and administrative regulation.

The Superintendent or designee shall consult with district legal counsel, site administrators, district information technology staff, personnel department staff, and others as necessary to develop a secure document management system that provides for the storage, retrieval, archiving, and destruction of district documents, including electronically stored information such as email. This document management system shall be designed to comply with state and federal laws regarding security of records, record retention and destruction, response to "litigation hold" discovery requests, and the recovery of records in the event of a disaster or emergency.

The Superintendent or designee shall ensure the confidentiality of records as required by law and shall establish regulations to safeguard data against damage, loss, or theft.

The Superintendent or designee shall ensure that employees receive information about the district's document management system, including retention and confidentiality requirements and an employee's obligations in the event of a litigation hold established on the advice of legal counsel.

If the district discovers or is notified that a breach of security of district records containing unencrypted personal information has occurred, the Superintendent or designee shall notify every individual whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person. Personal information includes, but is not limited to, a social security number, driver's license or identification card number, medical information, health insurance information, or an account number in combination with an access code or password that would permit access to a financial account. (Civil Code 1798.29)

The Superintendent or designee shall provide the notice in a timely manner either in writing or electronically, unless otherwise provided in law. The notice shall include the material specified in Civil Code 1798.29, be formatted as required, and be distributed in a timely manner, consistent with the legitimate needs of law enforcement to conduct an uncompromised investigation or any measures necessary to determine the scope of the breach and restore reasonable integrity of the data system. (Civil Code 1798.29)

Safe at Home Program

District public records shall not include the actual addresses of students, parents/guardians, or employees when a substitute address is designated by the Secretary of State pursuant to the Safe at Home program. (Government Code 6206, 6207)

When a substitute address card is provided pursuant to this program, the confidential, actual address may be used only to establish district residency requirements for enrollment and for school emergency purposes.

AR 3580(a)

Classification of Records

Records means all records, maps, books, papers, and documents of a school district required by law to be prepared or retained as necessary or convenient to the discharge of official duty. (5 CCR 16020)

Before January 1, the Superintendent or designee shall review the prior year's records and shall classify them as either a Class 1 (Permanent), Class 2 (Optional), or Class 3 (Disposable) record. (5 CCR 16022)

Records of continuing nature (active and useful for administrative, legal, fiscal, or other purposes over a period of years) shall not be classified until such usefulness has ceased. (5 CCR 16022)

An inventory of equipment shall be a continuing record and shall not be classified until the inventory is superseded or until the equipment is removed from district ownership. (5 CCR 16022)

A student's cumulative record is a continuing record until the student ceases to be enrolled in the district. (5 CCR 16022)

When an electronic or photographed copy of a Class 1 (Permanent) record has been made, the copy may be classified as Class 1 (Permanent) and the original classified as either Class 2 (Optional) or Class 3 (Disposable). However, no original record that is basic to any required audit may be destroyed prior to the second July 1st succeeding the completion of the audit. (Education Code 35254)

Class 1 - Permanent Records

The original of each of the following records, or one exact copy of it when the original is required by law to be filed with another agency, is a Class 1 (Permanent) record and shall be retained indefinitely unless microfilmed in accordance with 5 CCR 16022: (5 CCR 16023)

1. Annual Reports
 - a. Official budget
 - b. Financial reports of all funds, including cafeteria and student body funds
 - c. Audit of all funds
 - d. Average daily attendance, including Period 1 and Period 2 reports
 - e. Other major annual reports, including:
 - (1) Those containing information relating to property, activities, financial condition, or transactions
 - (2) Those declared by Governing Board minutes to be permanent
2. Official Actions
 - a. Minutes of the Board or Board committees, including the text of rules, regulations, policies, or resolutions included by reference only
 - b. The call for and the result of any elections called, conducted, or canvassed by the Board
 - c. Records transmitted by another agency pertaining to its action with respect to district reorganization
3. Personnel Records

Class 1 (Permanent) records include all detailed records relating to employment; assignment; amounts and dates of service rendered; termination or dismissal of an employee in any position; sick leave record; rate of compensation, salaries, or wages paid; and deductions or withholdings made and the person or agency to whom such amounts were paid. In lieu of the detailed records, a complete proven summary payroll record for each employee containing the same data may be classified as a Class 1 (Permanent) record and the detailed records may then be classified as Class 3 (Disposable) records.

Information of a derogatory nature as defined in Education Code 44031 shall be retained as a Class 1 (Permanent) record only when the time for filing a grievance has passed or the document has been sustained by the grievance process.

4. Student Records

The records of enrollment and scholarship for each student required by 5 CCR 432 and all records pertaining to any accident or injury involving a minor for which a claim for damages had been filed as required by law shall be classified as Class 1 (Permanent) records. These include any related policy of liability insurance, except that these records cease to be Class 1 (Permanent) records one year after the claim has been settled or the statute of limitations has expired.

5. Property Records

Class 1 (Permanent) records include all detailed records relating to land, buildings, and equipment. In lieu of detailed records, a complete property ledger may be classified as a Class 1 (Permanent) record. The detailed records may then be classified as Class 3 (Disposable) records if the property ledger includes all fixed assets; an equipment inventory; and, for each piece of property, the date of acquisition, name of previous owner, a legal description, amount paid, and comparable data if the unit is disposed of.

Class 2 - Optional Records

Any records considered temporarily worth keeping, but which are not Class 1 records, may be classified as Class 2 (Optional) records and shall be retained until reclassified as Class 3 (Disposable) records. If, by agreement of the Board and Superintendent or designee, classification of the prior year records has not been made before January 1 as specified in 5 CCR 16022, all records of the prior year may be classified as Class 2 (Optional) records pending further review and classification within one year. (5 CCR 16024)

Class 3 - Disposable Records

All records not classified as Class 1 (Permanent) or as Class 2 (Optional) records shall be classified as Class 3 (Disposable) records. These include, but are not limited to, detailed records basic to audit, including those relating to attendance, average daily attendance, or business or financial transactions; detailed records used in preparing another report; teachers' registers if all information required by 5 CCR 432 is retained in other records or if the General Records pages are removed from the register and classified as Class 1 (Permanent) records; and periodic reports, including daily, weekly, and monthly reports, bulletins, and instructions. (5 CCR 16025)

All Class 3 (Disposable) records shall be destroyed during the third school year after the school year in which the records originated. In addition, Class 3 (Disposable) records shall not be destroyed until after the third school year following the completion of any legally required audit or the retention period required by any agency other than the State of California, whichever is later. A continuing record shall not be destroyed until the fourth year after it has been classified as a Class 3 (Disposable) record. (5 CCR 16026, 16027)

Electronically Stored Information

All electronically stored information related to the conduct of district business, including information created, saved, sent, or received on a district employee's or Board member's personal account or device, shall be saved as an electronic file to a district-provided account or device and retained in accordance with the section "Classification of Records" above. Such information includes, but is not limited to, email, text messages, instant messages, computer files, and other electronic communications related to district business. In addition, when appropriate, the information may be printed and physically filed in a way that allows it to be easily retrieved when needed.

(cf. 9012 - Board Member Electronic Communications)

District Records**AR 3580(c)**

Employees shall be required to regularly purge their email accounts and district-issued computers, cell phones, and other communication devices of personal electronically stored information and other information unrelated to district business. The Superintendent or designee may check for appropriate use of any district-owned equipment at any time.

Any person to whom a district-owned computer, cell phone, or other electronic communication device is provided shall be notified about the district's electronic information management system and, as necessary, provided training on the effective use of the device.

Individuals, firms, or organizations employed as independent contractors may assist management with decisions and/or project development related to financial, economic, accounting, engineering, legal, administrative, instructional, or other matters.

As part of the contract process, the Superintendent or designee shall determine that the individual, firm, or organization is properly classified as an independent contractor.
